Dear Minister,

I should like to congratulate you, both personally and on behalf of the Council of Europe, on your recent appointment as Minister for Foreign Affairs of Georgia.

During your preceding tenure at the Ministry, co-operation between Georgia and the Council of Europe was strengthened through the successful adoption and implementation of the joint Action Plans paving the way to key reforms. I have also valued your active support in our work on confidence-building measures.

I am confident that with you as Minister for Foreign Affairs, Georgia's engagement with our Organisation will remain strong and productive. I wish you every success in the fulfillment of your new mandate and I look forward to the continuation of our co-operation in meeting the common challenges facing Georgia and the Council of Europe.

Yours sincerely,
