

THE PROJECT OF DATABASE OF PEOPLE WITH DISABILITIES AND ITS USE IN FIRE AND RESCUE BRIGADE OF PRAGUE

Fire and Rescue Brigade of Prague and
National Council of People with Disabilities

People with Disabilities

- Different type of disability or degree of helplessness
- One of the most vulnerable part of population in ordinary life and especially in emergency situation
- Living in special buildings or together with other population
- the protection of personal data
- the fears of abuse sensitive personal data

Databases of persons with disabilities

- Database of Public Employment Service (Ministry of Labour and Social Affairs of the Czech Republic)
- Database of the Czech Post
- Fire and Rescue Brigade of Prague is not authorised to use that databases
- the Czech Post, for the protection of personal data, did not handover the database, but mailmen delivered informational newsletters so that individual people can apply for registration themselves

Creation of database

- Trust
- Cooperation with contact person – people with disabilities
- the name and address
- a kind of disability
- location of apartments in houses
- evacuation (placement of windows, balconies, etc.)
- other important information (animals, other person)

Project results

- Of the total number of about 6,500 disabled people in the capital city of Prague (Czech Post information) to the project registered only 400 candidates from among disabled citizens
- Education of contact person
 - Fire and Rescue Service of the Czech Republic
 - Fire protection
 - Emergency situations
 - Emergency call
