+ many countries are using the Budapest Convention as a guideline or model law

Challenges

- Lack of interest, non-commitment
- Parties not participating actively
- Lack of coordination at the national level

Topics discussed

- Implementation of the Convention and the Additional Protocol
- Legislation and practical implementation
- International cooperation and operation of the 24/7 Contact Points

- Trans-border access to data
- Accession to the Convention
- Possible amendments, Additional Protocol to the Convention

Future

- The Bureau has been established already
- Active participation at other fora
- Working plan for the next years
- Additional funding
- Plenary meetings twice a year

Thank you!
