- A nation against cybercrime -

Cobhams

Intro:

Echo: Eh!...Eh!...Eh!...Eh!
Maga no need pay!
For me to buy correct motor,
For me to take make my
dough,
Maga no need pay!
Eh! Eh!
Maga no need pay!

Verse 1: Omawumi

Reminiscing as I walk to my
car,
Thinking about how it used to
be,
For Ekpoma, I dey ride okada
and most times I dey soak
garri,
I wanted to change the way I
lived
But I didn't have to do those
things.
Now I'm rolling VIP
And all the girls wanna be like
me, yeah...

Verse 2: Modele

You ask me how I deal with my
reality,
Gotta tell you truly it ain't
easy, no!
I feel the pressure to find
something wrong to do
Then I remember you reap
what you sow!
Now I'm sitting staring at the
screen of my computer,
I'm thinking really hard about
what truly matters,
What with all these data, just
to catch a maga,
It could have been my father,
or someone else's brother

Chorus:

Maga no need pay!
For me to buy correct motor,
For me to take make my dough
Maga no need pay!
No need for me to go cafe
I hustle hard to make my pay
Maga no need pay
No need to do Yahoo-Yahoo (to
do Yahoo-Yahoo)
Maga no need pay!
Eh! Eh!
Maga no need pay!
Eh! Eh!...Eh! Eh!

Verse 3: Banky W

Seven in the morning, it's a
brand new day
Eyes still swelling, still at the
cafe
Hustling real hard from Sunday
to Sunday
Hoping someday that maga will
pay
But maga no need pay
For me to live correct
They call me Mr. Capable, I gat
my self-respect
No need to do Yahoo-Yahoo for
me to cash a cheque
I don't need no maga, just
work harder now

Verse 4: Bez

Tell me what a boy like me
should do
Thought I heard the guys that
rule do Yahoo-Yahoo
And if I do not do it I'm uncool
I'll be a fool to the girls in
school
But maga no need pay to get a
good degree,
Or have a great opportunity
Don't have to hack and attack,
Make use of CD cracks
We're keepin' it original, now
you know my swag

Repeat Chorus

Verse 5: Rooftop MCs (Soulsnatcha & Sokleva)

Soulsnatcha:

Twale officer!
What's the problem sir?
Or there's a law against
cruising in a Range sir?

Sokleva:

I don't know what you think we
are,
Cos we roll in fancy car?
We're making the sweet
money,
I call it the candy bar.

Soulsnatcha:

All those wey maga pay,
Where dem dey today?
I'm straight no deceit,
My money get receipt!

Sokleva:

I don't mess with cybercrimes,
But I make the cypher rhyme.
I get paid for my time,
Don't need to scam a dime!

Verse 6: Wordsmith

I'm your role model's role
model,
There's no second guessing
whom...
Wordsmith was made to make
you change like a dressing
room.
I'm living proof that there's
dignity in labour,
My bars is life imprisonment
and this is hard labour.

Verse 7: MI

My father said I was a star
before I ever spit a bar,
He said when you travel far,
Don't forget who you are.
Represent Nigeria,
Represent for Africa.
Even when the things were
hard,
I place my future in my God,
(Yes, yeah)

See my nation's reputation
suffers much condemnation,
This' our situation.
Are we cybercrime criminals?
No!
We are the mineral resources
of our fatherland,
We must rise and take the
stand.
Every day heroes are born,
All stereotypes are torn.
Things we did to cause us
harm,
We off that and now we on,
Hard work, positivity,
Truth, reliability
Expose your ability,
Change our reality,
That's word! (Yeah, yeah,
yeah)

Repeat Chorus

Outro with chorus in the background: MI

Cheer!
Nigeria!
Yeah, yeah... listen everybody,
Put your BLING up right now!
BLING in this case means we're
Brilliant, we're **L**egitimate,
we're **I**nspired, we're **N**igerian
and we're **G**reat!
It means that we do not have
to do anything that we ought
not to do to make money y'all!
We just gatto apply ourselves
and work hard and be creative
and innovative.
Be truly Nigerian.
We will get there, y'all!

Chorus till fade

Lost in translation?

Maga is the Nigerian word for victims of fraud

To do Yahoo-Yahoo means to commit fraud over the Internet

For Ekpoma, I dey ride okada and most times I dey soak garri: "When I was a student in Ekpoma, I was commuting on minibus and had to stick to manioc"

All those wey maga pay, Where dem dey today? : Where are all the folks who scammed victims successfully?
