

## Our Mission

is to promote and support actions at European and International level to advance the rights of the child in relation to the internet and wider digital technologies

Funded by the EU – members in 18 countries

## Child abuse materials on the internet – take down or block access?

1. What do the victims say?
2. Take down wherever possible and as soon as possible
3. Where take down cannot be achieved within a reasonable time, blocking access is the next best thing.

Funded by the European Union

# Where is it happening in Europe?

1. Italy – required by law
2. UK – 98.6% of consumer market
3. UK public procurement contracts now to be affected
4. Denmark Norway Sweden Finland Iceland Holland, and growing
5. Interpol resolution – October 2009
6. EU Framework solution
7. Analogue solutions will not work in a digital age
