An Alliance for Sustainability

Towards Child on Line Safety

Synergies with the Legal bodies

- Penal Law and its article 58 for the year 1937
- Child law 126 for 2006- article 116 bis: criminalizes with hefty penalties use of computers, internet, intranet, or cartoon to commit or instigate exploitation of children in prostitution or pornography even if the crime does not actually take place.
- NCCM child helpline 16000 network is legally acknowledged as protection mechanism
- The telecom act 10 for 2003
- The e-signature law 15 for 2004
- The IPR law 82 for 2002

Synergies with the Legal bodies

Legislations that need to be enacted

- Data protection privacy and cyber security law
- Cyber crime law
- Access to information Law
- E- commerce law
- Training for prosecutors undertaken by ICMEC and Microsoft
- Developing awareness material and media campaign
- Developing the executive regulations of the child law number 126

- Starting a national task force and experts group as per decision of the second annual meeting of the CPI- Feb 2009

Ministry of Interior

Decree 13507 for 2002 establishes the cyber crime and data networks department at the general directorate for information and documentation to confront cyber crimes

A hot line is created.

IGF- Dynamic coalition for Child On line
Safety
OECD Safety Forum- Youth Round Table

Child On line Protection; The Challenges Ahead

- Coordination between ISPs, NTRA and law enforcement.
- Creation of a national task force to set the safety strategy
- Creation of an experts group to explore the safety issues in Egypt and the region
- Reaching actual statistics concerning child on line exploitation in Egypt
- Activating the child law 126
- Creating the Arab internet safety portal
- Synergies and active representation and presence in international effort.

IGF 2009- a Milestone for Child on line

Safety

- Perfect forum for discussion
- Platform for information and experience exchange
- Flexible in terms of topics and format
- A place where participants can discuss freely and try to reach an agreement on a way forward
- Policy coherence
- Inter-professional dialogue
- Enhanced cooperation

Fourth IGF

- Sharm El-Sheikh; 15-18 November
- Crossroad / milestone:
 - Evaluation
- Maintain the balance between:
 - Evaluation discussions
 - Themes of discussion

Topics of Interest

Developmental Agenda

- Multilingualism
- Policies that encourage local Content development
- Promoting regional & global coordination on
 - Cyber Security
 - Online Child Safety
 - Infrastructure
- Challenges related to Access in terms of availability and affordability

Child On line Safety

- Promoting regional & global coordination on online child safety- holding a round table for concrete projects in this respect
- Encouraging stronger participation at the Dynamic coalition for child on line safety
- Holding sessions for youth and children to make their voices heard.

Infrastructure Protection

Promoting regional & global coordination on infrastructure protection

Backup routes

Exchange points

Relation with private sector companies being:

Cable owners

In charge of fixing cables cuts

Evaluation

IGF should continue beyond its 5-year mandate

Despite its non-binding output it still influences decisions taken at other fora

Should not be evaluated against only its mandate but also ...

IGF should maintain its

- Multi-stakeholder approach in public policy discussions

- Flexibility in terms of topics & discussion formats

Egypt's Action Plan

Egypt's plan introduces different dimensions:
Capacity Building process for “National IGF Taskforce”;

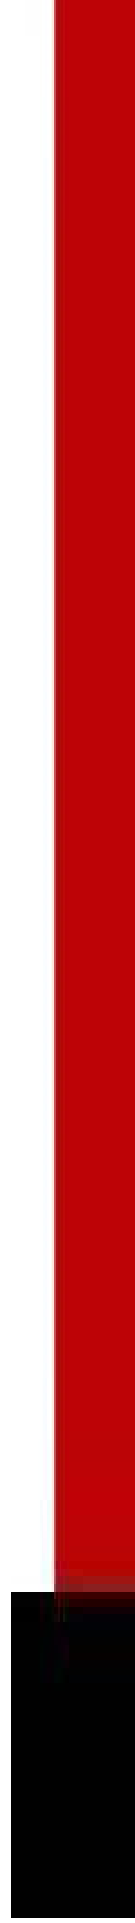

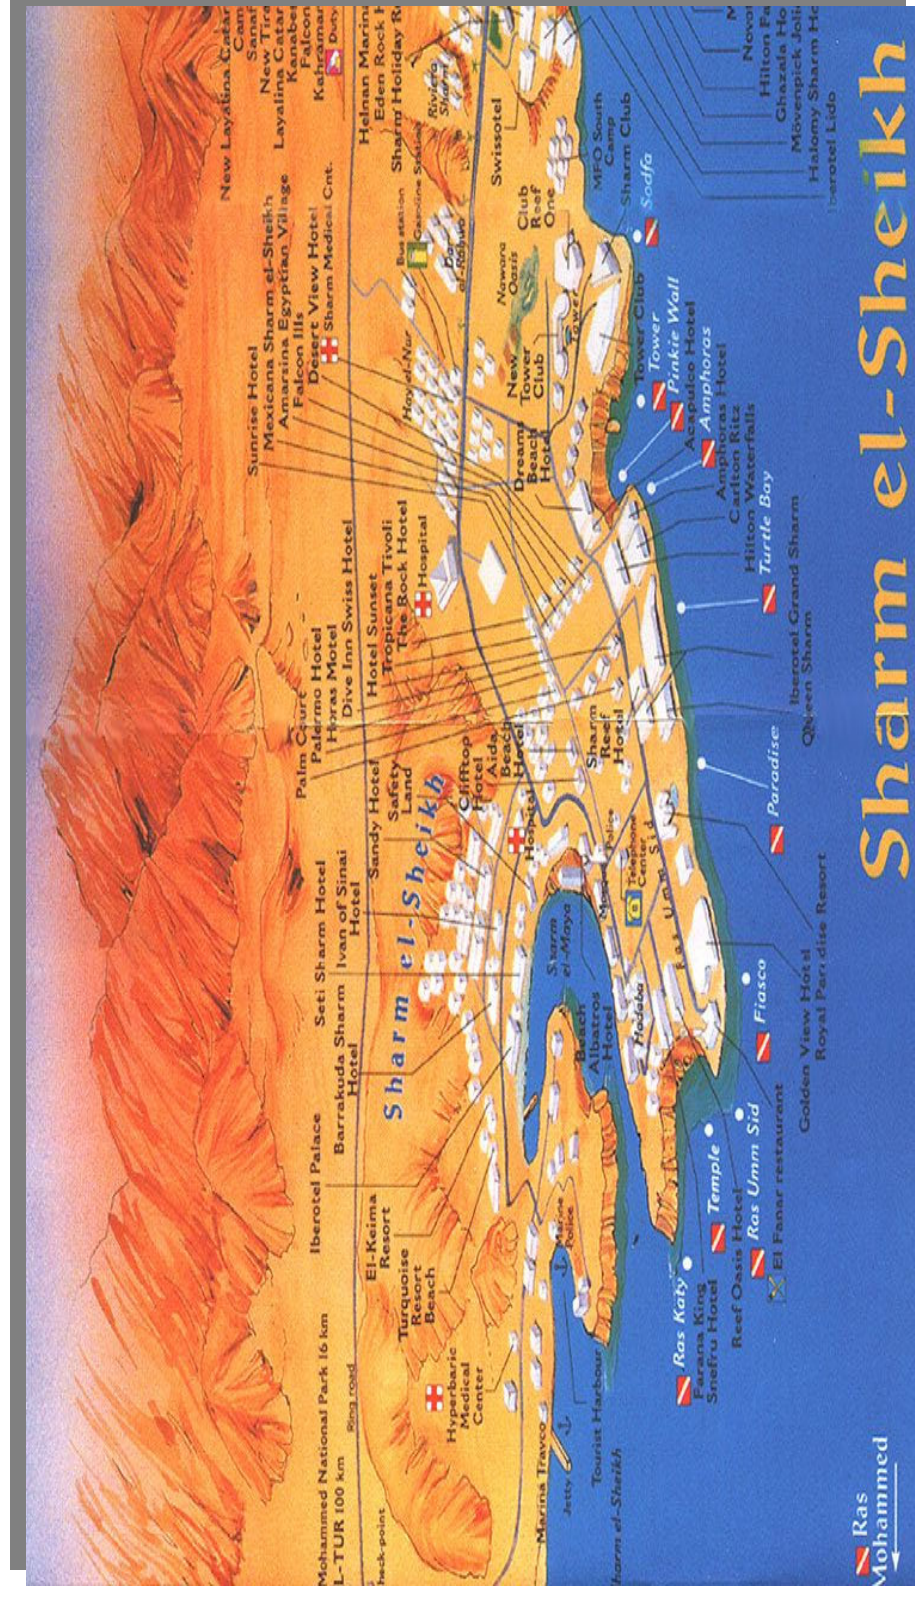

An awareness campaign for Egyptian Business Sector and
Civil Society: The birth of a national Internet platform;

Thematic Workshops; and IG Summer School;

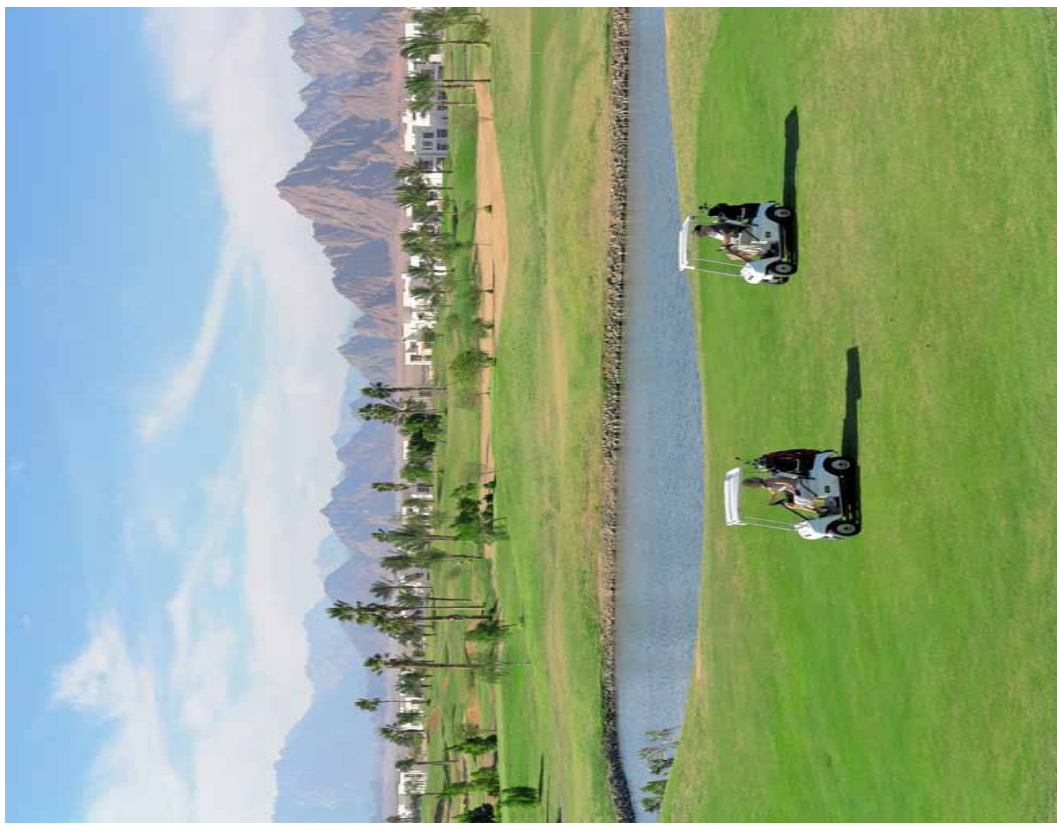

One day workshop with African Partners;

An Arab Expert group meeting in cooperation with the Arab
League

Coordination with the IGF secretariat and MAG

A Unique Touristic Destination

- One of the most accessible and developed tourist resort communities and beautiful shores on the Sinai Peninsula;
- Is often called the “**City of Peace**” because of the **various peace conferences/ negotiations** that was held there & attended by world leaders.

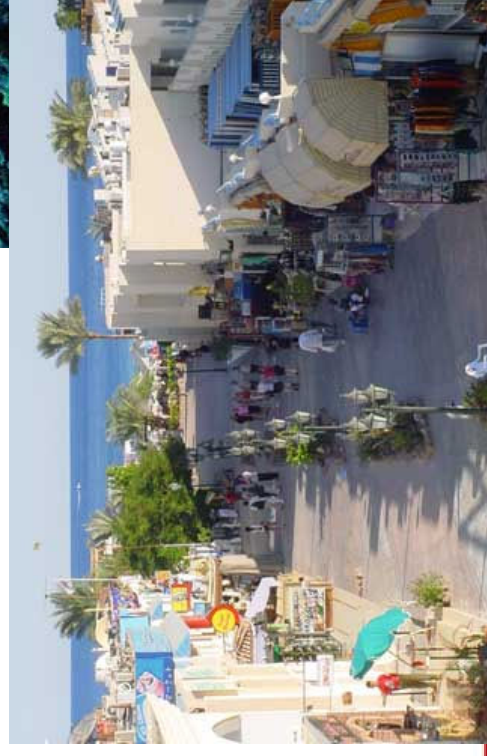

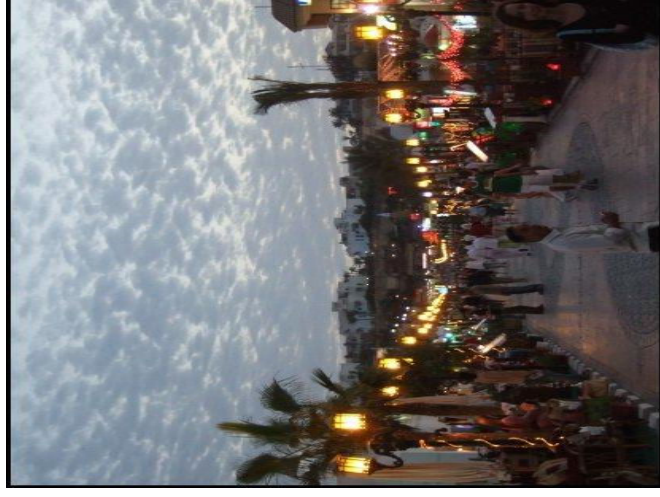

The City of Peace

- Several Presidential Summits for Peace negotiations and discussions;
- Home of the World Economic Forum (WEF) of the Middle East, in the years 2006 and 2008;
- The International Youth Forum;
- The launching ceremony of the Cyber Peace Initiative;
- Several golf and diving world championships

The Beauty of Sharm

Internet Governance Forum

No traffic.. every where is accessible in few minutes;

Pleasant dry refreshing weather throughout the year;

Attractive daytime activities and sea sports;

Glamours Nightlife

Message from the Minister

“For the IGF to continue developing and bearing fruit, the IGF in Sharm should underscore the great responsibilities both developing and developed countries equally share.

It should remain a space for exchanging ideas and deepening dialogue among stakeholders, thus enabling societies to further prosper

”
