## CONTEXT

The European Union (EU)-Council of Europe (CoE) Joint Programme "Towards strengthened democratic governance in the Southern Mediterranean" (South Programme II) started on 1st of January 2015 following the signature of an agreement between the European Commission (EC) and the Council of Europe (CoE) on 22 December 2014.

This joint initiative aims to contribute to the reinforcement of democratic governance agenda in the Southern Mediterranean region, more specifically by:

- ▶ Supporting the development of new constitutional and legal frameworks and independent democratic governance instances deriving from them;
- ▶ Contributing to the creation and expansion of a common legal space between Europe and the Southern Mediterranean through progressive accession to the CoE conventions and agreements;

- ▶ Fostering regional co-operation in the field of human rights, rule of law and democracy through the creation of and the support to formal and informal networks between Europe and countries of the Southern Mediterranean region, as well as within countries from the region.

Co-operation activities under the South Programme were primarily directed to Morocco, Tunisia and Jordan and open to other partners of the South Mediterranean through regional activities or targeted bilateral activities, in response to specific demands from national authorities and in line with the Programme's objectives.

Through the launching event the Council of Europe aimed to:

- ▶ Present to the main partners and stakeholders the new Programme and its clusters of activities and get the validation of the proposed work plan;

- ▶ Organise a constructive debate through the various working sessions about new challenges that the Southern Mediterranean partner countries are facing in the field of democratic governance as well as the South Programme's role in addressing them throughout the Programme's implementation period (2015-2017);
- ▶ Contribute to a better South-South co-operation and exchange between the various stakeholders in the fields of human rights, rule of law and democracy.

■ The programme of the launching event kicked off with the round table "Is strengthened democratic governance a silver bullet for more accountable societies in the Southern Mediterranean?" which was followed by six working groups (WG):

**WG I:** Supporting constitutional processes and the creation of new legal frameworks and democratic governance instances in the Southern Mediterranean

**WG II:** Advancing good governance through the prevention of corruption and money laundering

**WG III:** Strengthening capacities through inter-parliamentary co-operation, human rights training and local democracy
