” Citizenship and human rights education is about learning to live together and respect each other. It is also about knowing and understanding your rights in order to play an active role in decisions that concern you.

The Council of Europe is the continent's leading human rights organisation. It comprises 47 member states, 28 of which are members of the European Union. All Council of Europe member states have signed up to the European Convention on Human Rights, a treaty designed to protect human rights, democracy and the rule of law. The European Court of Human Rights oversees the implementation of the Convention in the member states.

” To help you have a better understanding of what it means in everyday life, you will find several documents at your disposal on our website.
