

Disability and Disaster

Ilan Kelman, University College London

www.ilankelman.org

Continuity and Action

- Toolkit is not the end, but the start.
- At UCL, we will attempt that.
- Based on the call from you.
- Book of narratives: Giving voice.

Using the Potential - of you

- Now we know where to begin.
- Change happens, action happens:
Cannes & Eurovision & Latvia work.
- Increase and use the evidence basis.

Integration and Evidence

- Integrate everyone – not us & them.
- Not ‘disability’ or ‘no disability’; instead, design for all.
- People with disabilities taking control.

Overall

- Integrate and opportunity.
- Continuity.
- Actions – Design for all, by all.

**This is the beginning.
More in the final session.**
