Project objectives

Overall project objective

The capacity of national institutions to prevent and combat violence against women and domestic violence is enhanced, and the awareness of the relevant law and policy makers responsible for providing effective assistance and redress to victims of violence against women and domestic violence is increased.

Project purpose

The ratification of the Council of Europe Convention on preventing and combating violence against women and domestic violence (Istanbul Convention) by Ukrainian authorities, including the preparation for the ratification and its implementation Ukrainian legislation, policy and practice.

Expected results

Result 1

Ukraine is ready to ratify and implement the Istanbul Convention: a CoE expert report on the compatibility of the Ukrainian legislation with the Istanbul Convention that includes the identification of amendments to existing national legislation, and the drafting and adoption of new legislation, is made available to the Government, while the proposed package is also taken to the Parliament as part of the accompanying ratification process.

Expected results

- | | |
|-----------------|---|
| Result 2 | Ukrainian authorities define a set of minimum common data categories required for collecting comprehensive public data on violence against women and domestic violence in the country (Article 11 of the Istanbul Convention). |
| Result 3 | A set of recommendations for cooperation between regional and/or local authorities, as well as relevant stakeholders aimed at providing effective assistance to victims and survivors of violence against women and domestic violence as a basis for comprehensive and coordinated policies (Articles 7, 8 and 9 of the Istanbul Convention). |
