Project on targeting crime proceeds on the Internet in South-eastern Europe and Turkey

Version 3 May 2016

Agenda

9-10 May 2016, Tirana

Background

The Joint Project of the European Union and the Council of Europe on targeting crime proceeds on the Internet in South-eastern Europe and Turkey (iPROCEEDS) under the Instrument of Pre-Accession (IPA) started on 1 January 2016 and covers the following countries Albania, Bosnia and Herzegovina, Montenegro, Serbia, “the former Yugoslav Republic of Macedonia”, Turkey and Kosovo*. The project has duration of 42 months and a budget of Euro 5.56 million. The project is implemented by the Cybercrime Programme Office (C-PROC) of the Council of Europe. During the initial phase of the project the Council of Europe will draft a general situation report reflecting the current situation from each country in respect of the project areas.

Objective

The aim of the Council of Europe experts mission is to meet with the relevant national stakeholders to gather information and as a result prepare a general situation report, which will provide an overview of the current situation from each country and the region, as a whole, as to their exposure to cybercrime and money laundering on the Internet, as well as their legislative and practical capabilities to respond to the threats and trends regarding criminal money flows on the Internet.

Expected results

The meetings with the relevant national stakeholders are expected to provide information on the:

- presence and performance of the reporting systems (with preventive functions) on online fraud and other cybercrime;
- current state of legislation on search, seizure and confiscation of cybercrime proceeds and the prevention of money laundering on the Internet;
- institutional criminal justice framework concerning cybercrime, financial investigation and search, seizure and confiscation of online crime proceeds, including the
