

European Landscape Convention
Landscape Award of the Council of Europe
– 3rd Session – 2012-2013 –

At its 1187th Meeting on 12 December 2013, the Committee of Ministers recognised the great value of the project:

Agricultural Development and Environmental Protection in Transylvania

ADEPT Foundation, NGO, Romania

The project on Agricultural Development and Environmental Protection in Transylvania is of interest as it combines economics and ecology. The aim is to perpetuate an agricultural system which promotes biodiversity. The approach adopted presents a level of integration which would deserve to be increased. The ADEPT Foundation has involved several participants and brought national and European, public and private partners into action. Ultimately, this project should be able to incorporate landscape quality objectives.
