

European Landscape Convention
Landscape Award of the Council of Europe
– 3rd Session – 2012-2013 –

At its 1187th Meeting on 12 December 2013, the Committee of Ministers recognised the great value of the project:

South Pennines Watershed Landscape Project

Pennine Prospects, United Kingdom

Located close to major cities, the South Pennines Watershed Landscape Project fully meets the Landscape Award criteria and complies with the provisions of the European Landscape Convention. This area is made available to many and varied urban populations. The complex project is representative of the long and sound tradition of integrated work on the landscape in the United Kingdom. It represents a textbook example of public awareness raising. Landscape planning is a process which necessitates constant efforts and investments. The progress made needs to be consolidated and continued on an ongoing basis. The committee therefore encourages the many participants in this project to develop it further.

Strasbourg, 12 May 2014

Thorbjørn Jagland, Secretary General
