

## Origins

- UNODC tasked by UN Member States via the Commission on Crime Prevention and Criminal Justice in 2010.
- Established an Open-Ended intergovernmental Expert Group on Cybercrime in 2011.
- Published, in draft, a Comprehensive Study on Cybercrime in 2013.
- Established a Global Programme also in 2013.

# The Programme in Central America

## El Salvador and Guatemala

- El Salvador since 2014, Guatemala since 2016.
- El Salvador now has a National Cyber Crime Unit within the National Civil Police.
- Designed and equipped in collaboration.
- Officers are selected, trained, mentored and then trained as trainers.
- Regular ongoing training and mentoring.
- Operational, tactical and strategic impact.

**UNODC**

United Nations Office on Drugs and Crime

# The Programme in South East Asia

## South East Asia

- Imminent specialist counter-cybercrime P3 post in Bangkok – with regional command and global reach.
- Significant focus on countering online child sexual exploitation and abuse.
- Working in complete partnership: complementarity and support

# Current and developing partnerships for the UNODC Global Programme on Cybercrime

**UNODC**

United Nations Office on Drugs and Crime

# Moving Forward Together

- New UNODC counter-Cybercrime Mentor in Bangkok (imminent)
- Initial funding for 12 months
- Collaborative Strategy: early open, honest, trusted partnership
- Build on national, regional and international momentum: use UNODC's niche capabilities
- Joint regional Capacity Building and Technical Assistance in late 2016..?

## Key Points

- We work only in partnership, not competition.
- We will blend our unique capabilities and build momentum and impact across agencies – sharing resources and skills will be the norm.
- We will play our part in making a tangible difference.
- We will de-conflict and minimise duplication.
- We play our part in keeping people, and society, safe.
