The project “Promoting local democracy in Ukraine” is carried out by the Congress of Local and Regional Authorities of the Council of Europe as part of the Action Plan for Ukraine 2015–2017. It aims to improve the implementation of democratic principles in Ukraine, by enhancing the institutional and leadership capacities of local elected authorities and disseminating best practices in local democracy nation-wide.

The intervention of the Congress is based on its Recommendation 348(2013) on local and regional democracy in Ukraine, further complemented by a post-monitoring programme which successfully led to the joint signature of a roadmap with national authorities in May 2015, setting out a timeline for the implementation of reforms.
