

Who are we and what do we do?

The European Audiovisual Observatory is part of the Council of Europe in Strasbourg, France. Our work covers our 40 member states and pan-European themes. We provide information on the audiovisual industries in Europe and the relevant legal framework for media professionals, national and European policy and decision makers, journalists, consultants and the academic sphere.

Fields covered by our work

- Film
- Broadcasting
- Video
- On-demand audiovisual services
- Public policy on the audiovisual sector

Our information is available in the following forms

- Print and PDF publications
- On-line databases
- A monthly newsletter
- Conference presentations
