Agri Gentium
Landscape
regeneration

Cooperation between public and private partners as element of strength for the active landscape protection and environmental regeneration.
Entrusting the management of the lands of Park for the creation of:

- Social orchards;
- Paths for the rehabilitation and inclusion of vulnerable people;
- Productive agriculture with Didoros branded products.

Cultural landscape, expression of dynamic intersection between human and nature, witness of a long and uninterrupted evolution.
Dynamic places of really high quality rural production, farming experimentation and valorization of millennial farming practices.

"The ruins of the antiquity are clearly visible amid groups of beautiful evergreen trees and blooming almond trees to which only the magic touch of the Creator could do justice."
H. Sellinbaum, 1777

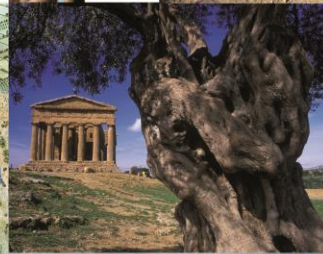

"The slope of the city down to the sea is covered with vineyards, olive trees, and almond trees, of all the production that the earth can administer; planted alternately with the prettiest varieties... It is a landscape of delights, a veritable Eden".
J. H. Von Raschew, 1767

Systems of soft mobility, recovery of the ancient Railway of the Temples, going back to 1874, visiting paths to get through by foot or by bike: "Environmental Path" and "Green Ways" through majestic Saracens olive trees, almonds trees with extraordinary water blooming and a Mediterranean scrub of rare beauty.

"The project enhances initiatives in which young people are actively committed in interesting and educational experiential paths."

エクストラヴァージン・オリーブオイル・ディオドロス

OLIO EXTRA VERGINE DI OLIVA DIODOROS

世界遺産「神殿の谷」で生まれたオリーブオイル。古代地中海世界の重要都市、シチリア州南部に位置するアグリジエント、20近くの神殿遺跡群が、アーモンドの木や果樹の広がる丘に今も「神殿の谷」とよばれ残っており、ディオドロスはここエリア内でユネスコの管理の下育ったオリーブを手摘みで収穫後、10時間以内にコールドプレス製法で丁寧に搾汁。バジル・オレガノ・トマト・花の香りが感じられ、余韻が長く非常に華やかなオイル。繊細な素材をより美味しく引き立てる黄金の調味料。エチケットは世界遺産の神殿の柱をデザインしている。
