

TOWN of HRIŇOVÁ

HRIŇOVSKÉ LAZY - Landscape of values

The town's primary aim has been to create the conditions for maintaining the traditional farming way of life in the scattered settlement, to develop the local market, utilise its tourist potential and to maintain cultural heritage and economically develop the countryside, all while retaining its identity and diversity.

The project is aimed at preserving the traditional way of life of people living in harmony with the landscape in specific scattered settlement and creating the conditions for all stakeholders to cooperate in land management and local development.

Main project objectives:

- ✂ retaining cultural and historical values of the landscape,
- ✂ conserving the arrangement of land cover components,
- ✂ maintaining the productive capacity of traditional agriculture,
- ✂ letting people remain in the landscape and ensuring an adequate standard of living for the population in the scattered settlement,
- ✂ supporting measures to climate change adaptation,
- ✂ creating conditions for all stakeholders to cooperate in the development of the area,
- ✂ sustaining of the human and landscape identity, local culture and authenticity,
- ✂ utilising the natural and cultural values of the landscape to develop tourism.
