Human Rights and Healthcare in Prisons and Other Closed Institutions in Georgia II

NEWSLETTER FEBRUARY, 2017

Up to 200 Prison Staff Trained on Managing Prisoners with Mental Health Problems

From 7 to 15 February, the Council of Europe and European Union organised training sessions for 8 groups of prison directors and other non-medical personnel of the penitentiary system on managing prisoners with mental health problems. In total, up to 200 participants were trained from different prisons of East as well as West Georgia. Participants learnt about different mental health related issues in prisons, including assessment and treatment approaches with psychiatric patients, medical examination upon admission to prison, psychiatric care and treatment plans, therapeutic and rehabilitative psychosocial activities in prison, etc.

Support to the Police Academy to enhance learning process for Temporary Detention Isolators' staff

The Head of Council of Europe Office in Georgia and the Rector of Police Academy signed a grant Agreement.

The aim of the support is to develop a distance learning course for the staff of Temporary Detention Isolators. The training program is expected to equip participants with theoretical knowledge in relevant areas (legislative basis, human rights protection standards, healthcare standards, etc.), as well as with practical skills to fulfil their duties.

Development of the tools for Suicide Prevention Programme

The Council of Europe Office in Georgia and European Union Delegation are continuing to support the Ministry of Corrections in successful implementation of the Suicide Prevention Programme in prisons. With the purpose of further strengthening the Programme the Council of Europe international consultants developed several tools.

Debriefing tool and protocol aiming at hot and cold debriefing for staff, to minimise stress and burnout were drafted; a form according to which the data related to the suicide as well as suicide attempts will be collected by the local coordinators and the Suicide Prevention Programme managing Council was developed.
