Challenges in recognizing refugees' qualifications

- Regulated professions need re-education in the host country (medicals, accountancy, law, education)
 - EQPR could allow refugees not to start from the beginning?
- Fail of refugees to complete successfully the evaluation process due to memory loss. Also fail in promoting their qualification (for EQPR holders)
- Non official generally accepted certificate (its value depends a lot on each employer –institution, as well as the ability of the refugee to communicate their knowledge)
 - Working Group within the Hellenic Ministry of Education and Religious Affairs created in order to allow universities to accept refugees, holders of the EQPR in their studies

European Qualification Passport for Refugees and its contribution to integration process in Greece

- Impact to Refugees:
 - CV
 - Expectations and Reality for future use (education , work)
 - Empowerment – Motivation
 - Bureaucratic processes to officially authorize their degrees
 - ! Their ability to communicate their knowledge and prove their hard skills is necessary*
- Employers' Perspective:

Positive: Interview opportunities, Will to examine candidates' hard skills if their profile suits the position applied for

 - ! Language skills as well as soft skills and some expertise are necessary*
- Educational Institutions Perspective: Depending on the Institution (limited access for now)

What can be done?

- A generally accepted legislation about the value of the certificate & rights of EQPR holders - work in progress
- Action of promotion/acknowledgement of EQPR to the employers and the educational institutions
- Cultivation of self – confidence and communication skills to refugees together with their access in continuous education
