## Background and key concepts

The HELP course on **Mental Health and Human Rights** is a **comprehensive course**, aiming to increase the knowledge of legal and health professionals and other relevant stakeholders on applicable human rights standards relevant for persons with mental health issues. In addition to the focus on Council of Europe instruments, particularly the European Convention on Human Rights and the case law of the European Court of Human Rights, the course also examines relevant international standards and documents developed under the auspices of the United Nations (UN) agencies and by the European Union (EU).

## About the HELP course

The course was developed in 2024 by the [Human Rights Education for Legal Professionals \(HELP\) Programme of the Council of Europe](#), in close cooperation with the [Council of Europe's Steering Committee for Human Rights in the fields of Biomedicine and Health](#) (CDBIO). Its development was made possible in the framework of the [“Protection of Human Rights in Biomedicine II” Project](#), a cooperation project carried out in the sphere of protection of human rights in biomedicine in Armenia.

Developed using the [HELP methodology](#), the course is tailored to the learning needs of legal and health professionals involved in the protection of the human rights of people with mental health issues.

## Target audience

This free on-line course is primarily addressed to legal and health professionals:

- judges
- prosecutors
- lawyers
- senior court staff
- doctors and other health professional working in mental health care

State representatives, civil society organisations, persons with mental health issues and their carers, along with students can benefit from the course, too.
