Activity 3: The *Who I am* section of the AIE

Rayya's *Who I am*

How would you define yourself?

Think about things that are especially important to you in how you think about yourself and how you like others to see you.*

My name is Rayya Goru and I'm 18 years old. I am Croatian and I live in Zagreb. I study at the Liberal Arts High School. I am learning English, Russian and German. My younger sister Maria goes to the same school as me. In my free time I like listening to music and watching movies. I also like drawing and I take drawing lessons.

I would define myself as a typical city girl. I like going out, watching the latest movies and having fun with friends. However, everybody has a different personality and I am easy-going, sensitive and sensible. People who are close to me see me as a nice person, always helpful and a good listener. My father says I am quite mature for my age because I always think twice before doing something.

*Here are some elements you may wish to include if you find them to be an important part of your identity: your name, age, gender, nationality, ethnic group, country, region or community where you live or come from, religion, languages, etc. Or you could include being a son/daughter, brother/sister, school student, member of a sports team, member of any other type of club, etc.
