

Autobiography of Intercultural Encounters

Module 6

Activity 2: Consolidating and extending learning

Commentary for task (iii)

Suggestions for further action for the writer of extract (g) could include:

1. Make an audit of the ways in which your university or community is adapted to giving as much independence as possible to people with disabilities. Consider improvements that could be made.
2. Create a list of people with disability through history who have achieved great things.
3. Watch some of the footage of different sports events at the last Paralympics.
4. Explore the subject of disability further by watching a film that has disability as a theme – e.g. *Intouchables* [Untouchable], 2011, dir. Olivier Nakache; *Le Scaphandre et le Papillon* [The Diving Bell and the Butterfly], 2007, dir. Julian Schabel; *My Left Foot*, 1989, dir. Jim Sheridan.
5. Take part in events and activities organised to bring people of all abilities together – such as those organised by the PHAB charity in the UK.
