

COMUS PROJECT
 PILOT TOWN:
MSCISLAŮ
 REFERENCE PLAN
 ACTION N° 5.1

Name of Action:

Restoration of the Former Men's Gymnasium building and establishment of the People's (Public) School (training centre)

Location

Image

Summary: It is planned to restore the former men's gymnasium building and establish a Folklore School (training centre for locals).

The centre will include the following sections: 1) meetings (conference halls with different facilities); 2) civil sector studies (training rooms, facilities) for various ages (including youth and the third age); 3) performance and cinema centre; 4) information centre; 5) recreation zone; 6) production (creative studio, shops, café); 7) children education centre and creative zone for small children.

Challenge(s) that the Action addresses:

Many of members of LSG noted the importance of establishing such a training centre, in which every member of the community would be able to access educational services. At the same time, it could be a place for various meetings of local community, as well as a children's cultural and educational centre.

There is no similar institution in the city at present, but such a centre is necessary as a rallying point for the community, to mobilize the local activity and increase personal and professional capacity. The centre will be partially self-sufficient and receive funding from educational and cultural services.

<p>Name of Action: Rehabilitation of the local market as a public space</p>	
<p>Location</p> 	<p>Image</p> 
<p>Summary: To renovate the local market as a public space in its traditional historic location.</p>	
<p>Challenge(s) that the Action addresses: Traditionally the town market has been a meeting place for the local community. Many locals expressed a desire to restore the old market to trade traditional products from local food producers, as well as crafts products. This action will reinforce the city's identity and restore its former appeal and stimulate its character.</p>
