HUMAN RIGHTS AND HEALTHCARE IN PRISONS AND OTHER CLOSED INSTITUTIONS IN GEORGIA II

NEWSLETTER
MAY - JUNE, 2017

**More than 150 prison staff from all parts of Georgia
trained on managing prisoners with mental health
problems**

The Council of Europe and the European Union organised 1-day training sessions for 7 groups of medical and non-medical personnel of the penitentiary system, on managing prisoners with mental health problems, between 26 June and 3 July 2017. In total, up to 158 participants from different prisons of East as well as West Georgia were trained.

Participants learnt about different mental health related issues, including assessment and treatment approaches, medical examination upon admission to prison, psychiatric care and treatment plans, therapeutic and rehabilitative psychosocial activities in prisons etc. This was a follow up phase of training sessions held from 7 to 15 February 2017.

Developing special program for psychiatric nurses

The European Union and the Council of Europe are assisting the Ministry of Corrections of Georgia in training of the psychiatric nurses. These trainings are based on the program initially developed by the CoE international and local experts and represent the first trainings in this field in Georgia.

The twelve-day training program aims to equip the nurses for working in the prisons with the basic theoretical knowledge on mental health issues. The program consists of twelve modules and will be conducted in two phases: first phase, consisting of six-day trainings will be held in June 2017 and second phase, six-day trainings will be held in July 2017.

Assistance with assurance of the quality control of the healthcare services in prisons

Continuing a range of activities that assist the Ministry of Corrections of Georgia in assuring the quality control of the healthcare services in prisons. As a part of this process the CoE expert started the work on the development of the action plan and on elaborating the guiding document for quality control methods and mechanisms. This is a follow up of a concept and guidelines of the quality control assurance of healthcare services in prisons developed by the CoE consultant.

As a third phase, a working group meeting was held on 3-4 June in Tbilisi where the Action Plan and budget related issues of quality control were reviewed and finalized.
