Collective complaint No. 97/2013**

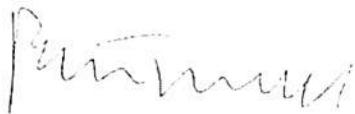

**APPROACH response to the submission on this complaint, made by the Government of
Cyprus and registered on May 2 2013**

May 13 2013

While this submission was forwarded to us as including observations on the admissibility of the complaint, it appears to include observations on the merits. While we welcome indications in the submission that further relevant law reform is imminent, this does not alter the substance of the complaint.

The complaint refers to a violation of article 7.10 of the Charter, which Cyprus has accepted.

We trust that the Committee will declare the complaint admissible and we will be pleased to comment in detail on these and any further observations of the Government as part of the consideration of the merits.
