PLATFORM FOR MIGRANT INTEGRATION THROUGH SPORT

— The 2016 conference “Newly arrived migrants and their integration via sport”, organised by the Enlarged Partial Agreement on Sport (EPAS), presented a wide range of ongoing initiatives carried out by numerous stakeholders at international, national and local level. It was also apparent, however, that many of these projects and activities are not sufficiently well known or promoted, despite their high level of quality and positive results.

That is why this platform has been set up!

Aims

- ▶ index and share good practices;
- ▶ bring project owners together;
- ▶ set up a large and vibrant network.

Action

Create a directory of projects:

- ▶ complemented by a discussion forum with restricted access for project owners;
- ▶ online;
- ▶ available in English and French.

Target audience

- ▶ project owners;
- ▶ anyone involved in the field of (newly arrived) migrants and their integration via sport;
- ▶ people or organisations interested in this subject.
