## INSTITUTION STRUCTURE AND REFORM PROCESS

- The General Directorate of Prisons and Detention Houses is performed its duty under the Ministry of Justice of the Republic of Turkey.
- There are a total of 381 prisons affiliated to the General Directorate of Prisons and Detention Houses.
- There are 222.091 convicts / detainees in prisons and a total of 51.741 prison staff including 42.709 security and supervision staff is performed their duties.
- Penitentiary reform, which started at the beginning of the year 2000, is carried on continuously.

### PROBATION SYSTEM

- The probation system established in 2005 showed a rapid development. Probation system is structured under the roof of General Directorate.
- In the Probation Directorate, supervision follow-up and rehabilitation proceedings of 330.119 persons including 318.083 adults and 12.036 children are carried out.
- With the electronic monitoring system, 3000 people are supervised and monitored at the same time.
- A total of 3865 staff, of whom 2.430 are correction officers, are performed their duty in the Probation Directorate.

## NATIONAL JUDICIARY INFORMATICS SYSTEM - UYAP

- UYAP is an information system that is affiliated to all departments of Ministry of Justice and that is used within relevant departments. All kinds of information about judicial processes are recorded in the data bank and all kinds of correspondence are carried out in the paperless environment through the system.
- Through UYAP;
- Quick access to the most up-to-date information is provided,
- Bureaucratic procedure is lowered,
- Paper and mail-based correspondence is ended,
- Administrative and judicial activities were carried out quickly and effectively.

## NORM AND APPOINTMENT SYSTEM - (NAS)

- The NAS is a software established within the UYAP system and accesses any information system using the database.

There are three main modules of norm and appointment system.

- Information system module
- Norm module
- Automatic appointment module
