

RESOLUTION NO. 8(2012) REPORTING FORMAT

PROPOSED HOMEWORK

IN GENERAL

- Continue building-up capacity, involving as many stakeholders as possible
- Identifying responsibilities and data networking
- Talk to your neighbours

CONCRETELY

- Collect all necessary data for 3 features out of 46 pre-selected:
 - ✓ 1 non-avian species: e.g. widespread or limited range
 - ✓ 1 bird
 - ✓ 1 habitat
- This will include a.o.:
 - ✓ Population/area
 - ✓ Trend
 - ✓ Favourable reference values
 - ✓ Emerald Network coverage will request a higher quality of population/area data for each site
 - ✓ Distribution map for the 3 features in 10x10 km grid

DATA DELIVERY ?

- As the tool will most likely not be ready by the time of the second workshop, we could distribute an Excel spreadsheet to fill in the data for the 3 features
- Will be communicated in time
