

# Habitats Reference List Iceland

Code	Habitat Title	IS ARC
A1.11	Mussel and/or barnacle communities	X
A2.2	Littoral sand and muddy sand	X
A2.3	Littoral mud	X
A2.4	Littoral mixed sediments	X
A2.5	Coastal saltmarshes and saline reedbeds	X
A2.61	Seagrass beds on littoral sediments	X
B1.3	Shifting coastal dunes	X
B1.4	Coastal stable dune grassland (grey dunes)	X
B2.3	Upper shingle beaches with open vegetation	X
B3.3	Rock cliffs, ledges and shores, with angiosperms	X
C1.1	Permanent oligotrophic lakes, ponds and pools	X
C2.111	Fennoscandian mineral-rich springs and springfens	X
C2.25	Acid oligotrophic vegetation of fast-flowing streams	X
C3.2	Water fringing reedbeds and tall helophytes other than canes	X
C3.4	Species-poor beds of low-growing water-fringing or amphibious vegetation	X
D2.3	Transition mires and quaking bogs	X
D3.1	Palsa mires	X
D4.1	Rich fens, including eutrophic tall-herb fens and calcareous flushes and soaks	X
D4.2	Basic mountain flushes and streamsides, with a rich arctic-montane flora	X
D5.2	Beds of large sedges normally without free-standing water	X
E1.2	Perennial calcareous grassland and basic steppes	SR
E1.71	Nardus stricta swards	X
E1.722	Boreo-arctic Agrostis-Festuca grasslands	X
E3.4	Moist or wet eutropic and mesotrophic grassland	X
E4.11	Boreo-alpine acidocline snow-patch grassland and herb habitats	X
E4.3	Acid alpine and subalpine grassland	X
F2.2	Evergreen alpine and subalpine heath and scrub	X

Code	Habitat Title	IS ARC
F2.32	Subalpine and oroboreal Salix brush	X
F4.2	Dry heaths	X
G1.917	Oroboreal Betula woods and thickets	X
H2.1	Cold siliceous screes	X
H4.2	Ice caps and true glaciers	X
H4.3	Rock glaciers and unvegetated ice-dominated moraines	SR
H6	Recent volcanic features	X
X01	Estuaries	X
X02	Saline coastal lagoons	X
X03	Brackish coastal lagoons	X
