In addition to a card that can be used for a large number of discounts in Montenegro and Europe, our strategic goal is to be a full service for young people and provide them with various information through different communication channels (Social networks, Website, Mobile application). Bearing this in mind, on the EYCA website I can always find current information on all the above-mentioned topics, and our team in direct support to users provides free counseling and mentoring - as needed by young people. In addition, in April 2024, our team will organise a PA Seminar on the topic "Basics of youth infrastructure: The role of the European youth card in improving the ecosystem for youth empowerment", which we also see as one of the ways for the EYCA project in Montenegro to be recognized through youth policy .
