

Project Cybercrime@Octopus

Summary

Version 12 July 2017

CONSEIL DE L'EUROPE

Project title: CyberCrime@Octopus (DG1/3021)

Project area: Parties and observers to the Budapest Convention on Cybercrime

Other States prepared to implement the Budapest Convention

Duration: 72 months (1 January 2014 – 31 December 2019)

Budget: Up to EURO 3.5 million

Funding: Voluntary contributions from State Parties and Observers to the Convention

on Cybercrime (Estonia, Hungary, Japan, Monaco, Romania, Slovakia, United Kingdom, USA) and other public and private sector organisations

(Microsoft)*

Implementation: Cybercrime Programme Office (C-PROC) of the Council of Europe

BACKGROUND AND JUSTIFICATION

While the threat of cybercrime continues to increase, progress has been made in international cooperation against cybercrime. The Budapest Convention is considered to play an important role not only with respect to strengthening legislation and criminal justice action but in triggering a broad commitment by governments, international organisations and public as well as private sector stakeholders to cooperate against cybercrime.

In 2012 and 2013, the Budapest Convention received broader political support and enlarged its membership. The Cybercrime Convention Committee (T-CY) assumed a stronger role, among other things by preparing Guidance Note as well as working on solutions for transborder access to data. In 2012, the T-CY began to assess implementation of the Convention by the Parties. A first cycle was completed by December 2012 and a second cycle focusing on the efficiency of international cooperation is being carried out in 2013. This will further enhance the impact of this treaty. In June 2013, the T-CY decided that the Committee should be co-funded by voluntary contributions to the present project.

Technical assistance projects helped strengthen criminal justice capacities on the basis of the Budapest Convention and related instruments on data protection (Convention 108) and the protection of children against sexual violence online (Lanzarote Convention). The annual Octopus conferences on cooperation against cybercrime continue to attract a large number of stakeholders from all over the world.

The present project will build on the Global Project on Cybercrime (Phases 1-3) under which hundreds of activities were supported since 2006. Its primary focus will be:

- 1. To ensure the organisation of the Octopus conferences.
- 2. To co-fund and support the functioning of the Cybercrime Convention Committee with its enlarged membership, functions and number of meetings.
- 3. To provide advice and other assistance to countries which are prepared to implement the Budapest Convention and related instruments on data protection and the COUNCIL OF EUROPE protection of children.

^{*}The project is not yet fully funded.

OBJECTIVE, EXPECTED OUTPUTS AND ACTIVITIES

Project Objective Objective Solution Objective		
Number of Parties and observers (States invited to accede) to the Budapest Convention Level of implementation of the Budapest Convention in terms of: Compliance of legislation Effectiveness of criminal justice action on cybercrime Efficiency of international cooperation Octopus conferences on cooperation against cybercrime held indicators: One conference per 18 months (4 in total) held Number of experts and countries and organisations participating Assumption: Octopus conferences mobilise broad support to the Budapest Convention Organise 4 Octopus conferences Output 2 Cybercrime Convention Committee (T-CY) supported Indicators: T-CY has sufficient resources as reflected in the number of participants in and meetings of the T-CY Outcome of T-CY meetings, including: Guidance Notes produced Assumption: A fully functioning T-CY is necessary to ensure implementation of the Budapest Convention Activity Support the participation of T-CY members and observers in the meetings of the Committee Activity Support the assessments and other activities of the T-CY through research and analyses Activity Support the assessments and other activities of the T-CY through research and analyses Activity Countribus assisted in the implementation of the Budapest Convention and related standards on data protection and the protection of children online Indicators: Up to 25 in-country or regional workshops held Contribution to up to 70 events of other organisations Legislative advice to at least 20 countries. Assumption: Support the organisation of up to 25 in-country or regional workshops Activity Contribute to up to 70 events organisate by other organisations Legislative and other advice to countries worldwide	-	185) and related instruments
- Compliance of legislation - Effectiveness of criminal justice action on cybercrime - Efficiency of international cooperation - Cooperations - Octopus conferences and countries and organisations participating - Assumption: - Octopus conferences - Octopus conferences Output 2 - Cybercrime Convention Committee (T-CY) supported - Indicators: - T-CY has sufficient resources as reflected in the number of participants in and meetings of the T-CY - Outcome of T-CY meetings, including: - Guidance Notes produced - Assessment reports adopted - Assumption: - A fully functioning T-CY is necessary to ensure implementation of the Budapest Convention Activity - Support the participation of T-CY members and observers in the meetings of the Committee Activity - Support the assessments and other activities of the T-CY through research and analyses - Activity - Provide legislical support to T-CY meetings as well as funding for translation and interpretation Activity - Countries assisted in the implementation of the Budapest Convention and related standards on data protection and the protection of children online Indicators: - Up to 25 in-country or regional workshops held - Contribution to up to 70 events of other organisations - Legislative advice to at least 20 countries Assumption: - States make use of advice and other support to join the Budapest Convention - Activity - Contribute to up to 70 events organisation by the organisations - Countribute of the pure organisation of up to 25 in-country or regional workshops - Activity - Contribute to up to 70 events organisation by other organisations - Countribute to up to 70 events organised by other organisations - Countribute to up to 70 event		• Number of Parties and observers (States invited to accede) to the Budapest
- Effectiveness of criminal justice action on cybercrime - Efficiency of international cooperation Output 1 Octopus conferences on cooperation against cybercrime held Indicators: - One conference per 18 months (4 in total) held - Number of experts and countries and organisations participating Assumption: - Octopus conferences mobilise broad support to the Budapest Convention Organise 4 Octopus conferences Output 2 Cybercrime Convention Committee (T-CY) supported Indicators: - T-CY has sufficient resources as reflected in the number of participants in and meetings of the T-CY - Outcome of T-CY meetings, including: - Guidance Notes produced - Assessment reports adopted Assumption: - A fully functioning T-CY is necessary to ensure implementation of the Budapest Convention Activity Support the participation of T-CY members and observers in the meetings of the Committee Activity Provide logistical support to T-CY meetings as well as funding for translation and interpretation Activity Support the participation of T-CY members in relevant fora Output 3 Countries assisted in the implementation of the Budapest Convention and related standards on data protection and the protection of children online Indicators: - Up to 25 in-country or regional workshops held - Contribution to up to 70 events of other organisations - Legislative advice to at least 20 countries.
