

Blue Whale

a challenge for law enforcement

- A quite noisy phenomenon
- Most of the cases are not true
 - *Side effect of the media*
 - Kids searching for curators
 - Kids executing the challenges by their own initiative
 - Kids wounding themselves, regardless the “rules of the game”
- But in same cases, it appears to be serious
- Approach by the means of social media
 - Sometimes, also by telephone
- Then, moving to direct contacts
 - Most of them, via Whatsapp
