

4 Activity : *What is a living thing?*

*On earth there are
living and non-
living things.*

*How can you
recognise them?*

When you look at something and you wonder if it's living, ask yourself the following questions..

Does it eat?

Does it grow?

Does it drink?

Does it breathe ?

Can it make babies or reproduce?

Can it die ?

Notes your observations...

	Car	Tree	Kid	Violin	Rabbit	Bread dough	Mushroom
Breathes							
Eats							
Drinks							
Grows							
Can reproduce							
Can die							
Living or Non Living							

Living : 

Non Living : 

To Live we need ...

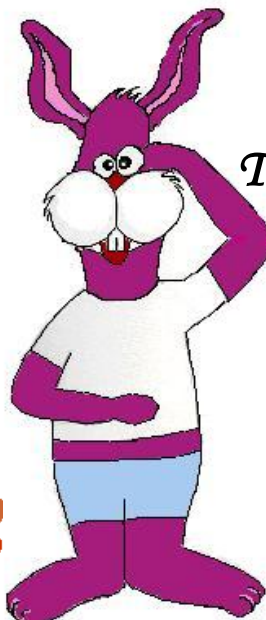

To breathe ...

To eat

To drink...

When we are alive

We grow

We are born

*And one day we can
make little babies...*
