

Decision

The Deputies adopted the following reply to Recommendation 1124:

"Assembly Recommendation 1124 was brought to the attention of the Committee of Ministers at its 86th Session, on 10 May 1990.

On that occasion the Committee of Ministers examined, inter alia, the matters raised by the Assembly in Recommendation 1124 and decided to draw the Assembly's attention to the Final Communiqué of the 86th Session, adopted on 10 May 1990. As it emerges from the Communiqué, a detailed discussion was held at the Session on the subjects dealt with at the special ministerial meeting in Lisbon on 23 and 24 March 1990 and, more particularly, at the opening up of the Council of Europe to Central and Eastern Europe. With regard to relations with the CSCE, the Ministers, bearing in mind the Assembly's recommendations, considered, in particular, the contribution which the Council of Europe could make in implementing the principles and provisions of the Helsinki Final Act and the CSCE concluding documents. They agreed to explore ways through which the Council of Europe could be involved with future CSCE meetings.

The Committee of Ministers continues the consideration of the issues raised in Recommendation 1126 concerning the CSCE process and which are related to the matters contained in Recommendation 1124. It will keep the Assembly informed, in due course, of all developments."
