

**COUNCIL OF EUROPE
COMMITTEE OF MINISTERS**

(PARTIAL AGREEMENT IN THE SOCIAL AND PUBLIC HEALTH FIELD)

RESOLUTION AP (82) 2

**ON THE CLASSIFICATION OF MEDICINES
WHICH ARE OBTAINABLE ONLY ON MEDICAL PRESCRIPTION**

*(Adopted by the Committee of Ministers on 2 June 1982
at the 348th meeting of the Ministers' Deputies and superseding Resolution AP (77) 1)*

AND

APPENDIX

containing the list of medicines adopted by the
Public Health Committee (Partial Agreement)
updated to 31 October 1982

RESOLUTION AP (82) 2

**ON THE CLASSIFICATION OF MEDICINES
WHICH ARE OBTAINABLE ONLY ON MEDICAL PRESCRIPTION ¹**

*(Adopted by the Committee of Ministers on 2 June 1982
at the 348th meeting of the Ministers' Deputies)*

The Representatives on the Committee of Ministers of Belgium, France, the Federal Republic of Germany, Italy, Luxembourg, the Netherlands, the United Kingdom of Great Britain and Northern Ireland, these states being parties to the Partial Agreement in the social and public health field, and the Representatives of Austria, Denmark, Ireland and Switzerland, states which have participated in the public health activities carried out within the above-mentioned Partial Agreement since 1 October 1974, 2 April 1968, 23 September 1969 and 5 May 1964, respectively,

Considering that, under the terms of its Statute, the aim of the Council of Europe is to achieve a greater unity between its Members for the purpose of safeguarding and realising the ideals and principles which are their common heritage and facilitating their economic and social progress ;

Having regard to the provisions of the Brussels Treaty signed on 17 March 1948, by virtue of which Belgium, France, Luxembourg, the Netherlands and the United Kingdom of Great Britain and Northern Ireland declared themselves resolved to strengthen the social ties by which they were already united ;

Having regard to the Protocol modifying and completing the Brussels Treaty, signed on 23 October 1954 by the signatory states of the Brussels Treaty, on the one hand, and the Federal Republic of Germany and Italy, on the other hand ;

Observing that the seven states parties to the Partial Agreement, which have resumed, within the Council of Europe, the social work hitherto undertaken by the Brussels Treaty Organisation and then by Western European Union, which derived from the Brussels Treaty as modified by the Protocol mentioned at paragraph 4 above, as well as Austria, Denmark, Ireland and Switzerland, who participate in Partial Agreement activities in the field of public health, have always endeavoured to be in the forefront of progress in social matters and also in the associated field of public health, and have for many years undertaken action towards harmonisation of their legislation ;

Considering further that the lack of uniform laws on the supply of medicines restricted to medical prescription has created problems in the field of public health and, at the present time, raises difficulties at international level ;

Considering in particular that the tendency towards auto-medication and over-medication is increasing ;

Believing that it is therefore increasingly necessary to achieve harmonisation of national laws in this field,

I. Recommend to the governments of the seven states parties to the Partial Agreement as well as to those of Austria, Denmark, Ireland and Switzerland, that they restrict to medical prescription the supply of the medicines mentioned in the General Provisions set out hereafter ;

II. Invite the same governments to accept amendments which may be made later to the list ² set out in the appendix to this resolution by the Public Health Committee, which shall carry out an annual revision of this list in the light of the General Provisions set out hereafter.

1. This supersedes Resolution AP (77) 1 of 22 March 1977.

2. Issued separately on account of frequent revision.

GENERAL PROVISIONS

governing the drawing up and periodical revision of the lists of medicines which are obtainable on medical prescription

1. The only substances affected by the recommended provisions are those used for medical purposes.
2. Narcotic drugs are not referred to when they are already covered by special common provisions concerning the rules governing their supply.
3. This resolution does not apply to homeopathic preparations or to other similar non-allopathic minute dose preparations on the market in the member states. Sale and supply of these preparations are governed by legal provisions in force in each member state.
4. The lists of medicines which are obtainable only on medical prescription are drawn up with reference not only to their toxicity, but also to all the risks, direct or indirect, which they may represent to human health and, in particular, according to :
 - a. their acute and chronic toxicity ;
 - b. results of clinical trials and experience in use (adverse reactions, tolerances, etc.) ;
 - c. their intended actions and uses.

Salts, esters and salts of ester are subject to the same classifications as the substances themselves, unless otherwise specified in the lists.

In cases where several drugs are present in a preparation, the classification should take account of the phenomenon of synergy—whether potentiating or not—antagonism or changes in the effects of the components.

5. A medicine may not be supplied except on a medical prescription when one or more of the following conditions apply :
 - a. it contains an active principle not previously used for medical purposes, and, in particular, a new chemical molecule. In such cases a final decision concerning any restrictions to be permanently applied shall be taken within three years of introduction onto the market, and the participating states will be notified accordingly ;
 - b. it is used parenterally ;^{1 2}
 - c. it contains one or more substances in Lists I or II annexed hereto, to which the following criteria apply :

List I

The supply of a medicine containing one of the substances in this list may only be repeated if the prescriber so specifies on the prescription.

List II

The supply of a medicine containing one of the substances in this list may be repeated without the prescriber having so specified, provided that he did not explicitly forbid such repetition :

- during a period of six months following the date of issue of the prescription, and
- not more than five times during the same period provided that such a supply does not permit an increase in the posology indicated by the prescriber.

Exemptions from Lists I and II

For certain substances, exemptions from the “prescription only” requirement may appear in Lists I and II :

- in respect of low dosage or concentration ;
- according to the route of administration and the composition of the drug.

1. By “parenteral” are intended the sub-cutaneous, intracutaneous, intramuscular, intravenous, intraspinal, intracisternal, epidural, intraperitoneal, intra-articular, intracardiac and other similar routes.

2. Reservation of the Federal Republic of Germany on this point.

Preamble to the list of medicines which are obtainable only on medical prescription

1. *Minimum requirements*

The classifications shown are to be considered as minimum requirements ; consequently, governments are free to apply stricter rules in any given case.

2. *Provisional classifications*

Certain medicines are provisionally classified, especially in cases where further information or consultation with interested parties might be useful. Provisionally classified medicines are suitably marked, i.e. with an asterisk.

3. *Nomenclature*

Wherever possible, the nomenclature used is that of the International Non-Proprietary Names (INN) of the World Health Organisation.

4. *Revisions*

Annual revisions will deal with :

- final classification of medicines provisionally classified ;
- proposals for adding or deleting medicines ;
- proposals for adding or deleting exemptions ;
- proposals for amending exemption conditions.

Proposals for revision will be submitted by 1 January of each year in order to be examined by the competent bodies before 1 July. In cases of urgency, proposals for revision may be submitted at any time.

5. *Date of adoption*

The published list will indicate in each case the date on which it was adopted by the Public Health Committee and transmitted to the governments concerned.

**LIST OF MEDICINES ADOPTED BY
THE PUBLIC HEALTH COMMITTEE (PARTIAL AGREEMENT)
UP TO 31 OCTOBER 1982**

Explanations

- * a. *Single active principle*
List I, without exemptions.
 - b. *In association with another hypnotic sedative or with any potentialiser*
List I, without exemptions.
 - c. *In association with active principles other than those mentioned under paragraph b above*
List II, provided the dose of barbituric acid derivatives does not exceed 50 mg per unit dose.
Without prescription, provided the dose of barbituric acid derivatives does not exceed 15 mg per unit dose.
- ** *Exemptions in respect of nasal and ophthalmic drops*
- *** *Prescribed as an ovulatory suppressor : List II.*

Abbreviations

- W.P. : without prescription
U.D. : unit dose. For the purposes of this resolution, "unit dose" is understood to be the maximum dose for which exemption from prescription is provided.
E.U. : external use
I.U. : internal use
w/v : weight/volume
w/w : weight/weight
S.W. No. 1: special warning for Phenacetine derivatives
S.W. No. 2: special warning for pyrazole derivatives
S.W. No. 3: special warning for glaucoma

N.B. Special warnings apply solely to preparations which are not subject to medical prescription.

PENGITOXIN	II	
PENICILLAMINE	II	
PENIMEPICYCLINE	I	
PENMESTEROL	I	
PENTAERYTHRITYL CHLORAL	II	
PENTAERYTHRITYL TETRANITRATE	II	W.P. not exceeding 60 mg

PENTAGESTRONE	I	
PENTAMETHONIUM BROMIDE	I	
PENTAPIPERIDE	II	
PENTAZOCINE	I	
PENTHIENATE (BAN)	II	W.P. : U.D. not exceeding 5 mg S.W. No. 3
PENTOBARBITAL*		
PENTOREX	I	
PENTOXIFYLLINE	II	
PERAZINE	II	
PERCHLORIC ACID	II	
PERHEXILINE	II	
PERICIAZINE	II	
PERPHENAZINE	II	
PERPHENAZINE SULFOXIDE	II	
PHANQUINONE	II	W.P. : U.D. not exceeding 50 mg
PHENACEMIDE	II	
PHENACETIN	II	W.P. : U.D. not exceeding 500 mg S.W. No. 1
PHENAGLYCODOL	II	
PHENALLYMAL*		
PHENANTRYLMETHYLHYDANTOIN	II	
PHENATINE	I	
PHENAZONE	II	W.P. : — E.U. — U.D. not exceeding 1 g S.W. No. 2
PHENBUTAMIDE	II	
PHENDIMETRAZINE	I	
PHENELZINE	I	
PHENERIDINE	I	
PHENETICILLIN	I	
PHENFORMIN	II	
PHENGLUTARIMIDE	II	
PHENICARBAZIDE	II	W.P. : U.D. not exceeding 500 mg S.W. No. 1
PHENINDIONE	II	
PHENMETRAZINE	I	
PHENOBARBITAL*		
PHENOXYBENZAMINE	II	
PHENOXYMETHYLPENICILLIN	I	
PHENPROBAMATE	II	
PHENPROCOUMON	II	
PHENPROMETHAMINE	II	W.P. : nasal application not exceeding 3%
PHENSUXIMIDE	II	
PHENTERMINE	I	
PENTOLAMINE	II	
PHENYLBUTAZONE	II	W.P. : E.U.
PHENYLDIBROMOMETHYL- METHYLHYDANTOIN	II	
PHENYLPROPANOLAMINE (BAN)	II	W.P. : — U.D. not exceeding 50 mg — nasal application : not exceeding 2%
PHENYTOIN	II	
PHLORETIN	I	E.U. : II
PHOLCODINE	II	W.P. : U.D. not exceeding 40 mg
PHTHALYLSULFACETAMIDE**	II	
PHTHALYLSULFAMETHIZOLE**	I	
PHTHALYLSULFATHIAZOLE**	II	
PILOCARPINE	II	W.P. : hair lotions containing not more than 1%
PIMETHIXENE	II	
PIMOZIDE	II	
PINAVERIUM BROMIDE	II	
PINAZEPAM	II	

PINDOLOL	II	
PIPAMAZINE	II	
PIPAMPERONE	I	
PIPEBUZONE	II	
PIPEMIDIC ACID	I	
PIPENZOLATE BROMIDE	II	W.P. : U.D. not exceeding 5 mg S.W. No. 3
PIPERACETAZINE	II	
PIPERACILLIN	I	
PIPERAZINE ESTRONE SULFATE (USAN)	I	
PIPERIDOLATE	II	E.U.
	II	W.P. : U.D. not exceeding 50 mg S.W. No. 3
PIPERIDYLETHYLBARBITURIC ACID*		
PIPEROXAN	II	
PIPERYLONE	II	W.P. : U.D. not exceeding 125 mg S.W. No. 2
PIPETHANATE	II	
PIPOBROMAN	I	
PIPOSULFAN	I	
PIPOTIAZINE	II	
PIPOXOLAN	II	
PIPRADROL	I	
PIPROCURARIUM IODIDE	I	
PIPROZOLIN	II

PRENALTEROL	II	
PRENAZONE	II	W.P. : E.U.
PRENOXDIAZINE	II	
PRENYLAMINE	II	W.P. : U.D. not exceeding 60 mg
PRIFINIUM BROMIDE	II	

PRIMIDONE	II	
PRISTINAMYCIN	I	
PROBARBITAL SODIUM*		
PROBENECID	II	W.P. : U.D. not exceeding 500 mg
PROBUCOL	II	
PROCAINAMIDE	II	
PROCAINE	I	ophthalmic preparations W.P. : eye lotions containing not more than 0.1%
PROCARBAZINE	I	
PROCHLORPERAZINE	II	
PROCYCLIDINE	II	
PROCYMATE	II	
PRODILIDINE	II	
PROFENAMINE	II	
PROGESTERONE	I	
PROGLUMIDE	II	W.P. : U.D. not exceeding 200 mg orally
PROLACTINE	I	
PROLINTANE	I	W.P. : U.D. not exceeding 10 mg
PROMAZINE	II	
PROMESTRIENE	I	E.U. : II
PROMETHAZINE	II	W.P. : — suppositories containing not more than 50 mg — creams containing not more than 2% — syrups containing not more than 1 mg/ml — tablets containing not more than 25 mg
PRONETALOL	II	
PROPAPENONE	II	
PROPALLYLONAL*		
PROPANIDID	II	
PROPANTHELINE BROMIDE	II	W.P. : U.D. not exceeding 15 mg S.W. No. 3
PROPETANDROL	I	
PROPICILLIN	I	
PROPIOMAZINE	II	
PROPIRAM	I	
	II	U.D. not exceeding 100 mg in association with an equal or greater quantity of methyl cellulose
PROPIZEPINE	I	
PROPRANOLOL	II	
PROPYLBARBITAL*		
PROPYLHEXEDRINE	II	W.P. for tablets not exceeding 25 mg
PROPYLTHIOURACIL	II	
PROPYPHENAZONE	II	W.P. : — E.U. — U.D. not exceeding 1 g S.W. No. 2
PROPYROMAZINE BROMIDE	II
