Survey of courses for European youth leaders.

Sir,

The questionnaire you sent me has been submitted to the youth associations, people's universities and training centres interested and the replies received show that with one exception none of them organises courses on European co-operation and integration. The exception is the Europe House (Europahuis) of Borgharen. However, most of the centres which replied to the questionnaire are willing to place their premises and staff at the disposal of the Experimental European Youth Centre for holding courses. Their addresses are as follows:

1. Christelijk Jongeren Verbond (C.J.V. "Christian Youth Union")
Ernst Sillem Hoeve, Soestdijkerweg 10 b, Lage Vuurse,
Capacity: 100, board and lodging: 15 fl. per head per day.
2. Vrijzinnig Christelijke Jeugd Centrale (V.C.J.C. "Christian Liberal Youth Centre")
C.S Oolgaardhuis, Klingebeeckseweg 19, Arnhem
Capacity: 80, board and lodging by arrangement.
3. "de Born" Conference Centre, Bennekom
Principal: Miss M.H.Blaak
Capacity: 48, board and lodging by arrangement.
4. Kath. Cultureel Vormingscentrum en Gemeenschapsraad
"Bouvigne" ("Bouvigne" Catholic Cultural Training and Community Centre),
Borwignelaan 5, Breda
Capacity: 150, board and lodging: 11 fl. per head per day.

5. Stichting Vormingscentrum (Training Centre Foundation)
Barchem
Capacity: 65, board and lodging: from 9 fl. per head per day
6. De Horst "Kerke en Wereld" (The Church and the World)
Foundation, Driebergen
Horstlaan 6, Driebergen
Capacity: 50, board and lodging: 11 to 12 fl. per head per day
7. Kasteel Borgharen "Europahuis" (Europe House)
Kasteelstraat 6, Borgharen (L).
Capacity: 50, board and lodging: approx. 12 fl. per head per day.
8. Arbeiders Gemeenschap der Woodbrookers ("Woodbrookers"
Workers' Community), Bentveldweg 3, Bentveld.
Capacity: 70.
9. "Vinea Domini" Training Centre,
Arumerweg 74, Witmarsum.
Capacity: 42, board and lodging: 10 -12,50 fl. per head per day.
10. "Drakenburgh" People's University, Baarn
Capacity: approx. 60, board and lodging: from 9,50 fl. per head
per day.

None of these centres has simultaneous interpretation equipment, and they could scarcely be considered as possible headquarters for a permanent Council of Europe youth centre.

While I shall be happy to supply any other information you may require regarding their equipment, charges, etc., with a view to the organisation of courses by the Experimental Youth Centre, I venture to suggest that it might be preferable to apply to the centres themselves for further details.

I remain, Sir,

Yours obedient Servant,

(M. L. van der Gaag)
