Draft Meeting Report

1. Opening of the meeting

1. The Steering Committee for the Rights of the Child (CDENF) held a Plenary Session in an online format on 20 June 2023, with Rosário Farmhouse (Portugal) in the Chair.

2. The Chair welcomed all members, participants and observers to the meeting, which was dedicated to the follow-up to the Declaration on the situation of children of Ukraine adopted at the Fourth Council of Europe Summit of Heads of State and Government (Reykjavik, 16-17 May 2023) as Appendix II of the Reykjavik Declaration, and warmly thanked them for their ready availability to join an ad-hoc plenary session.

2. Adoption of the agenda and order of business

3. The CDENF adopted its agenda as it appears in Appendix I. The list of participants appears in Appendix II.

3. Statement of the Chair and Secretariat

4. The CDENF took note of the information provided by Jeroen Schokkenbroek, Director of Anti-Discrimination, Directorate General of Democracy and Human Dignity, regarding the proposed steps to follow up on the Declaration on the situation of children of Ukraine, in particular the setting up of a Consultative Group of Children of Ukraine (CGU). The aim of the CGU would be to facilitate the exchange of information and serve as a platform for discussing policies regarding Ukrainian children residing in other Council of Europe member States. Set up as a co-operation project in the framework of the Council of Europe's Action Plan for Ukraine "Resilience, Recovery and Reconstruction" (2023-2026), and not as a subordinate group of the CDENF, the CGU would however be supported by the CDENF in its work, and it would also allow for the co-operation with other Council of Europe bodies as well as international actors.

5. The CDENF took note of the address by Nazar Tanasyshyn, Deputy Minister of Social Policy of Ukraine, who welcomed the decision to set up the CGU and informed the Committee on topics which would be important, from the point of view of Ukrainian authorities, to be addressed in the context of the upcoming work, including access to information and practices related to Ukrainian children living in Council of Europe member States, support for caregivers, foster families, and children, ensuring quality reception and care for children from Ukrainian institutions, including children with disabilities, and gaining better understanding of the different child protection approaches in Council of Europe member States.

4. Preparations towards setting up a Consultation Group on Children of Ukraine (CGU)

6. The CDENF took note of the information provided by Leyla Kayacik, Special Representative of the Secretary General on Migration and Refugees, and welcomed the willingness of the Network of Focal Points on Migration to provide relevant information for the attention of the CGU. In her presentation, the Special Representative referred to the main recurring challenges she had encountered during her fact-finding visits and which had been reported by the Focal Points, including the lack of proper training of guardians, different understandings of the role of a guardian, issues arising in the context of the relocation of large groups of children coming from institutions, access to education and healthcare, as well as providing children with psychological support to overcome trauma.

7. The CDENF took note of the information document "Towards setting up a Consultation Group on Children of Ukraine (CGU)", and agreed with the methods and modalities outlined therein, and confirmed its readiness to follow and to provide support to the work of the CGU.

8. Delegations held an exchange of views and made proposals on topics related to the protection of children of Ukraine where multilateral exchange would be most useful, including existing legal

frameworks, access to services in member States (education, healthcare, etc.), as well as advising on the reform of the Ukrainian child protection and care system. The importance of having other relevant European and International Organisations participating in the CGU, to exchange information and ensure complementarity of actions, was emphasised. Delegations also proposed to involve children of Ukraine in the work of the CGU.

9. The representative of the European Commission welcomed the establishment of the CGU. He highlighted the potential for the Group to serve, in particular, as a forum for coordinated exchange with Ukraine, notably on applicable legal and policy frameworks, to guide, advise and monitor progress of Ukraine's deinstitutionalisation reform, as well as to engage in stocktaking of essential services to children of Ukraine provided in the Member states.

10. The CDENF agreed that its members would facilitate the designation of the national experts to the CGU in respect of their states and that the Secretariat would contact them to this end. Regarding the specific profile of CGU participants, the CDENF agreed that every member State hosting children coming from Ukraine should appoint at least one participant to the CGU, who could be accompanied by other experts depending on the specific topic to be discussed at each meeting. The members should be Government experts, or be nominated on behalf of the Government, have a good overview and understanding of the national child protection and child rights legislation, institutions and services relevant to the children from Ukraine residing within their national jurisdiction, should be in position to consult and coordinate the relevant national institutions, organisations and services on thematic issues that may be discussed in the context of the thematic focus of the CGU, and have a good level of English. The CDENF proposed that Observers to the Council of Europe and civil society organisations could also take part in CGU meetings.

11. The CDENF instructed the Secretariat to consult with the Bureau as needed on the further steps in the setting up and operation of the CGU and to report on progress at its forthcoming meeting, as well as to keep the Committee of Ministers informed of developments regarding the CGU.

5. Opinions requested by the Committee of Ministers

12. The CDENF took note that the CDENF Opinion on PACE Recommendation 2253(2023) on "Deportations and forcible transfers of Ukrainian children and other civilians to Russian Federation or to Ukrainian territories temporarily occupied: create conditions for their safe return, stop these crimes and punish the perpetrators", as adopted by the CDENF in written procedure, had been submitted to the Committee of Ministers.

6. Any other business

13. Marie-Cécile Rouillon, European Commission Coordinator for the Rights of the Child, updated the CDENF about the launch of the EU Children's participation platform and of its website (<https://eu-for-children.europa.eu/>) as well as about the preparations towards a Commission initiative on child protection (open public consultations and call for evidence to be launched in mid-July).

14. The CDENF agreed to carry out targeted child consultations in selected member States in the framework of the implementation review of Recommendation CM/Rec(2019)11 on Effective guardianship for unaccompanied and separated children in the context of migration and instructed the Secretariat to launch a call for expression of interest among national Delegations.

15. The CDENF agreed to an extension of the deadline for the online questionnaire on the implementation of Recommendation CM/Rec(2019)11 on Effective guardianship for unaccompanied and separated children in migration until 29 September 2023.

16. The CDENF entrusted its Bureau to review the questionnaire on the Rights of the Child and Artificial Intelligence in view of its circulation to the CDENF for replies by the end of August 2023.
