

COUNCIL OF EUROPE

CONSEIL DE L'EUROPE

Strasbourg, 16 December 2016

DH-BIO/abr RAP 10

**COMMITTEE ON BIOETHICS
(DH-BIO)**

**10th MEETING
Strasbourg, 5-8 December 2016**

ABRIDGED REPORT

I. Adoption of the agenda

1. The Committee on Bioethics (DH-BIO) held its 10th meeting in Strasbourg from 5 to 8 December 2016. The agenda of the meeting and the list of participants appear in Appendix I and Appendix II to this abridged report.

II. Chart of signatures and ratifications of the Convention on Human Rights and Biomedicine, the Protocol on the Prohibition of Cloning Human Beings, the Protocol concerning Transplantation of Organs and Tissues of Human Origin, the Protocol concerning Biomedical Research and the Protocol concerning Genetic Testing for Health Purposes

2. The DH-BIO took note of the information sent in written form on the current process towards signature and/or ratification of the Convention on Human Rights and Biomedicine (Oviedo Convention) and/or its Additional Protocols in some member and observer states.

III. Developments in the field of bioethics

3. The DH-BIO took note of the developments in the field of bioethics within the member states, as well as in international organisations. It was also informed of the relevant developments in other Council of Europe bodies.

IV. Additional Protocol on the protection of the human rights and dignity of persons with mental disorder with regard to involuntary placement and involuntary treatment

4. The DH-BIO took note of the reply of the Committee of Ministers to Parliamentary Assembly Recommendation 2091 (2016) 'The case against a Council of Europe legal instrument on involuntary measures in psychiatry'.
5. On the basis of the above, the DH-BIO confirmed the decision to resume the work on the Additional Protocol in the light of the comments received during the public consultation, and of any new additional comments which delegations might wish to submit by 22 December 2016.
6. The current chair of the drafting group agreed to chair its next meeting, but following her election as chair of the DH-BIO, a new chair would then need to be designated for the drafting group.
7. The DH-BIO agreed with the proposal of inviting to participate in the relevant session of the next plenary meeting the following disability rights INGOs which are participating in the work of the Ad Hoc Committee on the Rights of Persons with Disability (CAHDPH): European Association of Service Providers for Persons with Disabilities (EASPD), European Disability Forum (EDF) and Rehabilitation International (RI).

V. Cooperation activities

8. The DH-BIO was informed about the outcome of the two seminars on issues around the decision making process regarding medical treatment in end-of-life situations which had taken place in cooperation with the Armenian authorities (7 October 2016) and the Turkish authorities (25 October 2016) respectively. The DH-BIO welcomed the

fact that the seminars were an occasion to publicize and raise awareness on the Guide on the decision-making process regarding medical treatment in end-of-life situations.

9. The importance of an integrated approach between cooperation and intergovernmental activities was underlined.
10. The DH-BIO was informed of a request made by the Russian Federation for the organisation of a seminar in 2017 within the framework of the cooperation activities.

VI. Emerging Technologies

11. The DH-BIO took note of the draft questionnaire on public discourse presented by the Bureau on the basis of a document prepared by the consultant, and appreciated the work achieved.
12. Delegations pointed out the difficulty to provide the level of information requested in part B of the questionnaire. Agreement was reached on the need to simplify the questionnaire. The objective should be to collect information on the general approach and place of public debate in the country concerned and identify successful initiatives of public debate on which some more specific information would be collected. This information would then help informing the further work of the committee on the public debate and discourse with regard to new scientific and technological developments.
13. In the light of these considerations Delegations were invited to send comments by 13 January 2017 on the proposed scope for the questions, in particular those which appeared in part B, indicating which they considered to be pertinent, and which might be too detailed.
14. The Bureau, in cooperation with the Secretariat, was entrusted with the task of revising the draft questionnaire in the light of the comments from the delegations with a view to submit a revised version at the next plenary meeting for approval.

VII. Prohibition of financial gain

15. The Chair of the Ad Hoc Group introduced the document on 'Guiding Elements for the interpretation of Article 21 of the Oviedo Convention'.
16. The DH-BIO appreciated the work of the ad hoc group and the general approach taken in the document. Specific comments were made, in particular, on paragraphs 24, 35-36 and 43 (last indent).
17. Delegations were invited to send any additional comments they may have (in particular on the above paragraphs) by 13 January 2017.
18. The DH-BIO agreed that the document prepared by the Ad Hoc Group should be finalized as a guide, which together with the DH-BIO, the CD-P-TO and the CD-P-TS would be invited to adopt.
19. The Bureau in consultation with the Chair of the ad hoc group and in cooperation with the Secretariat was entrusted with the task of revising the document in the light of the comments made by delegations with a view to its finalisation at its 11th plenary meeting.

VIII. Study on children's rights

20. The DH-BIO took note of the study on children's rights presented by one of its authors, and appreciated the work achieved. It subsequently held an exchange of views on topics raised in the study.
21. As agreed, the study would now serve as a basis for a follow-up study which will aim at examining existing legal provisions at international level relevant to the protection of children rights to see whether they provide appropriate protection with regard to the issues identified. This second study will be presented for discussion at the 11th plenary of the DH-BIO.

IX. International conference on the occasion of the 20th anniversary of the Oviedo Convention

22. The DH-BIO took note of the proposed programme for the conference. It agreed on the need for a two days conference and supported the proposed structure subject to the refinement of the first session in the light of the suggestions made by some delegations.
23. Delegations were reminded of the importance of forwarding the questionnaire section on relevance and challenges to relevant national bodies/institutions and submitting replies to the questionnaire by 20 January 2017, in particular on this section, to allow finalisation of the programme.
24. Delegations were also invited to identify possible speakers for the different sessions.

X. Working methods and future activities of the DH-BIO

High level seminar on "International case law in Bioethics : insight and foresight"

25. The DH-BIO held an exchange of views on the outcome of the seminar on 'International case-law in Bioethics: Insight and foresight', held on 5 December, which would contribute to the preparation of the 20th anniversary of the Oviedo Convention.

Programme of activities for the 2018-2019 biennium

26. The DH-BIO held an exchange of views on the document prepared by the Bureau for the activity programme in the next biennium 2018-2019. It supported the general line of the proposals, including the one on the elaboration of a Strategic Action Plan informing the work of the committee in the mid-term.
27. Delegations were invited to make comments by 13 January 2017, with a view to the preparation of a revised version by the Bureau in cooperation with the Secretariat.

XI. Election to the Bureau

28. Following the end of term of Dr Mark Bale (United Kingdom) as chair of DH-BIO, the DH-BIO elected by acclamation Dr Beatrice Ioan (Romania) as chair, and Ms Tesi Aschan (Sweden) as vice-chair for a term of office of one year beginning on 1 January 2017, renewable once.
29. Dr Givi Javashvili (Georgia) and Ms Maria Concepcion Martin Arribas (Spain) were re-elected by acclamation for a second term of office of two years.
30. The DH-BIO further elected Dr Ritva Halila (Finland) and Prof. Miguel Oliveira da Silva (Portugal) as members of the Bureau for a term of office of two years, renewable once.

XII. Relations with other international bodies

31. The DH-BIO took note of the document prepared by the Secretariat with the list of meetings with other international organisations.

XIII. Date of next meetings

32. The DH-BIO agreed on the following dates for its next meetings to be held in Strasbourg:
 - 11th meeting of the DH-BIO: 6-8 June 2017
 - 12th meeting of the DH-BIO: 24-27 October 2017 (24-25 October: International conference on the occasion of the 20th anniversary of the Oviedo Convention)

XIV. Cooperation with other Committees

33. The Secretariats of the European Committee on Organ Transplantation (CD-P-TO), the European Committee on Blood Transfusion (CD-P-TS) and the Consultative Committee of the Convention for the Protection of Individuals with regard to Automatic Processing of Personal Data (T-PD) referred to a number of current activities being developed by their respective committee which were of relevance for the DH-BIO.
34. The possibility of a joint session of the Bureaus of the T-PD and the DH-BIO would be considered in the context of the preparation of the activity proposals for the next biennium with a view to identify issues of common interest for possible further cooperation.

XV. Other business

35. The DH-BIO took note of the compilations of replies to the questionnaire on medically assisted procreation, including surrogacy. Delegations having not yet sent replies were invited to send their updated or new information, if possible, by 13 January 2017. Delegations were also invited to keep the Secretariat informed about any new developments in this field so as to keep the document up to date.
36. Following an invitation from the OECD for closer collaboration of its Working Party on Biotechnology, Nanotechnology and Converging Technologies with the DH-BIO, the latter agreed to designate Dr Mark Bale (UK) as its representative to participate in the meetings of this OECD Working Party.
37. Following the election of Dr Beatrice Ioan as chair of the DH-BIO, DH-BIO members interested in acting as rapporteur on gender equality were invited to inform the Secretariat.

APPENDIX I
Agenda of the 10th meeting of the DH-BIO

LIST OF ITEMS

1. Adoption of the draft agenda
-  2. Chart of signatures and ratifications of the Convention on Human Rights and Biomedicine, the Protocol on the Prohibition of Cloning Human Beings, the Protocol concerning Transplantation of Organs and Tissues of Human Origin, the Protocol concerning Biomedical Research and the Protocol concerning Genetic Testing for Health Purposes
-  3. Developments in the field of bioethics
-  4. Additional Protocol on the protection of the human rights and dignity of persons with mental disorders with regard to involuntary placement and involuntary treatment
-  5. Cooperation activities
6. Emerging technologies
7. Prohibition of financial gain
8. Study on children's rights
9. International Conference marking the 20th anniversary of the Oviedo Convention
10. Working methods and future activities of the DH-BIO
11. Election to the Bureau
-  12. Relations with other international bodies
13. Dates of the next meetings
-  14. Cooperation with other committees
15. Other business
16. Decisions taken by the DH-BIO at its 10th meeting

MONDAY 5 DECEMBER (9.30 – 18.00)

International case-law in Bioethics: Insight and foresight

High level seminar organised by the Committee on Bioethics (DH-BIO)
under the auspices of the Cypriot Chairmanship of the Committee of Ministers

Press room, European Court of Human Rights
Council of Europe, Allée des Droits de l'Homme, Strasbourg (France)

TUESDAY 6 DECEMBER MORNING (9.30 – 13.00)

09.30

1. Adoption of the draft Agenda
