○ Digital Strategy of Mohammadian League of Scholars

1. Mohammadian League of Scholars Portal - www.aarabita.ma

Committing itself to ensure the religious, spiritual and intellectual protection required in the current globalized context, Mohammadian League of Scholars' digital portal www.aarabita.ma provides an all-inclusive content and academic and intellectual services aiming at: 1) boosting values of tolerance, moderation based values, positive interaction and openness to society of knowledge and our age developments, and 2) the reinforcement of intellectual and cultural contents aiming at the preservation of national memory and identity.

2. Arra'id platform 'www.arrabitacademy.ma'

- In order to consolidate an effective intellectual, academic and communicational, functional presence of the Kingdom of Morocco on the internet, Rabita institution has launched on its site 'Arra'id' numerous lessons delivered by multitude scholars and researchers. The objective of such endeavor is to enable internet users to receive a safe and sound religious knowledge immune to all sorts of extremism. Arra'id web site aims at the deconstruction of extremist discourse and promotion of an aesthetic behavior via providing lessons in various fields of knowledge; it also aims at contributing to the answering of the heated and pressing questions and emphasizing the Islamic aesthetic dimension of content.

3. Alfitra unit 'www.alfetra.ma

- In order to immunize this generation (and future generations) against all types of deviation and provide them with materials that empower their creative talents and leadership skills, and in order to consolidate intellectual, religious and civilizational contents whose objective is to protect national memory and identity, Mohammadian League of Scholars has functionally got involved in the field of training and looking after children and youth through launching a program titled “vanguard children” (alatfal arrawd) in order to educate their pairs virtually and in the real world.

4. Launching video games

- **In order to promote the values of moderation in the future vanguards and boost their constructive values that ensure the realization of peace and co-existence and ensure the renounce of extremism and violence, the Mohammadian League of Scholars has released digital Video Games targeted to children; they aim at promoting values of peace and rejection of extremism and violence.**

5. Youth web site www.chababe.ma

- **Within the framework of its undertaken strategy that aims at disseminating a safe religious knowledge, both on line and in print, the Mohammadian League of Scholars created a web site 'www.chababe.ma to promote interaction and communication among youth; It is of high quality; the ultimate objective of creating such site is to counterforce the extremist groups discourse and those who deform Islamic values.**
