YOUR CITY

The methodology of the CONNECT YOUR CITY Youth Centers

Gamification

CONNECT YOUR CITY Mobile Application is a Real-Life Role-Playing Game, where we "challenge" young people to play, implement volunteering activities, socialize, gain experience (XP), improve their soft skills, and level up to win rewards!

Sport

Through **Connect Sport**, we organize a variety of sporting activities while also volunteering for the Hellenic Olympic Committee.

Culture

Through **Connect Culture**, we have the opportunity to holistically support and promote new artists and individuals who want to get involved in the field of Culture and Art.

Academy

Through **Connect Academy**, we enhance young people's soft skills, and connect them with potential employers to find a job or help them get started in business.

Active citizenship

Wanting to give young people a voice, we set up Local Youth Councils where young people discuss their issues and make policy proposals.

*It is worth mentioning that all our services are free of charge, as we aim to support and empower young people

CONNECT YOUR CITY Mobile Application

An innovative application that combines youth empowerment and fun to motivate young people to engage in a variety of topics and explore different aspects of themselves.

Players complete recreational, educational and volunteer activities and upon completion earn points that are redeemable for gifts and privileges from the NGO.

CONNECT YOUR CITY

LOGGING IN

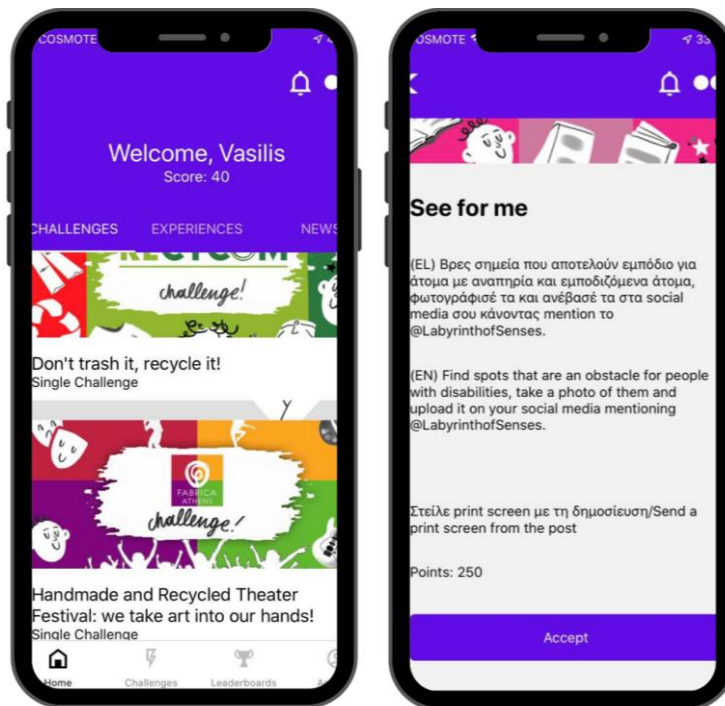

A youngster creates an account and has direct access to the content of the application.

The application in a few words

CHALLENGES

Inside the application, there is a list of available challenges that one can complete. When one chooses a challenge, he can send a photo as proof of its implementation. Then, the administrators pass the corresponding points.

EXTRA SCREENS

In the application one can see the score of other players, find on a live map various events that happen, be informed about the news of CONNECT YOUR CITY and partner organisations.

CONNECT YOUR CITY

To application is available for [Android](#) and [iOS](#).

CONNECT YOUR CITY

Collaboration with organizations

The application is a dissemination tool directly targeted at young people. This creates the opportunity to promote events through the App, giving the player points for their participation and promoting the event directly to the young audience.

This is framed through frequent competitions where young people compete through their participation in events with collaborating organizations.

CONNECT YOUR CITY has collaborated so far with:

ΦΙΛΟΖΩΙΚΟΣ ΣΥΛΛΟΓΟΣ
ΝΕΑΣ ΦΙΛΑΔΕΛΦΕΙΑΣ

ΚΕΝΤΡΟ ΘΕΡΑΠΕΙΑΣ ΕΞΑΡΤΗΜΕΝΩΝ ΑΤΟΜΩΝ

The educational impact of the application

A selection of various events from different organizations

Participation in events for socializing and peer learning

Improvement of soft skills (e.g. teamwork, communication)

Increased employment opportunities

A three-day International Peace Day Festival

Response to COVID-19

Always at the frontline

Service: Intervention in the Community

We have realized that a large number of people belonging to socially vulnerable groups need support in their daily lives, specifically with practical matters. These can refer to the purchase and transportation of basic necessities, as to their need for company and creative-leisure activities.

We, therefore, created actions through our service aimed at supporting socially vulnerable groups, such as the elderly, people with mental and / or physical disabilities and people with increased vulnerability due to COVID-19

What we have achieved

In 6 months already, **more than 100 volunteers** have been activated and support **60 households** with **more than 100 socially vulnerable people**.

While in November 2020, it is expected that a cooperation agreement will be signed with the Municipality of Athens and the Municipality of New Philadelphia - Chalkidona in order to **undertake the support of 150 additional households**.

Through **gamification**, young people are mobilized to organize and implement voluntary actions in real time with a few steps, low cost and great social impact - **this is how social innovation is achieved**.
