The aim of this event is to highlight the important role of education as integral part of treatment pathways and programmes and a necessary ingredient for social re-integration. We will present examples of implementation from Greece from treatment of a diverse theoretical background.

Opening comments: Dr Christos Kouimtsidis National Coordinator for Addressing Drugs of Greece

Presentation: Introduction on the relationship between education and social reintegration by Thomas Kattau, Deputy Executive Secretary, Pompidou Group, Council of Europe

Brief presentations: The work on education by three different treatment models of Greece by OKANA, 18ANO and Thessaloniki Psychiatric Hospital

Testimonies by students (with English translation from Greek)

Discussion and conclusion

GREECE'S NATIONAL
COORDINATOR FOR
ADDRESSING DRUGS
