

# Development of the European Youth Card: Partial Agreement on Youth Mobility through the youth card and the European Youth Card Association

Activity Report 2022

[eyca.org](http://eyca.org)

## Introduction

The purpose of this report is to describe the activities of the work undertaken by EYCA in 2022 as a result of the support the Association received through a Grant Agreement with the Partial Agreement on Youth Mobility through the Youth Card in the framework of the Council of Europe.

The Partial Agreement on Youth Mobility through the Youth Card has become one of the core priorities of the European Youth Card Association, through 35 years of its operations. EYCA has invested significant efforts to revive and strengthen its relationship with the Council of Europe as part of implementing its vision to improve youth mobility and active citizenship for all young people in Europe.

European Youth Cards are a valuable tool for physical and social mobility of young people. Not only do they offer benefits that help youth to save up and reinvest in their personal development but having an EYC also exposes young people to various professional opportunities. Moreover, European Youth Cards provide communication channels, enabling policy-makers (1) to provide young people with information, and (2) to engage with young people directly in policy and programme design.

In 2022, the implementation of the programme of Partial Agreement on Youth Mobility was less impacted by the COVID-19 pandemic and we had the opportunity to organise again in-person events.

## Priorities

Having in mind the Council of Europe Youth Sector's [priorities for the 2022-2025](#) adopted by the Joint Council on Youth, we argue that youth mobility remains an important tool for achieving these objectives.

The year 2022 represented a *back to normal* in terms of mobility and a great opportunity for young people and youth workers to come back to in presential events. However, the scars of the covid-19 pandemic were still visible, as some participants had difficulties to travel or the first part of the year was still uncertain in terms of restrictions and many events had to take place hybrid. The experience of previous years also determined the youth sector to be more reflective on the issue of sustainability and thus the topic is reflected in next year's programme of the Partial Agreement on Youth Mobility.

The proposed specific **aims for the Partial Agreement work programme 2022** were:

- Reinforce trust of young people in pluralistic democracies, with a focus on capacity building for youth organisations and public institutions to work together to advance youth civic engagement;
- Explore how the European Youth Card, as a youth mobility tool, can support opportunities for disadvantaged young people (in particular Roma youth and refugees) and build intercultural skills for all youth;
- Explore the role that the European Youth Card can have in advancing synergies on youth work policies and contribute to the European youth work agenda.

## **I. HUMAN RIGHTS AND DEMOCRACY: YOUTH POLICY AND YOUTH WORK PROMOTING THE CORE VALUES OF THE COUNCIL OF EUROPE**

### **1. Commissioning design and content input for EYCA communications tools**

**1.1 Communication activities** have been implemented as planned.

The EYCA Facebook page is growing, with 4.200 likes and an average organic reach of 35.000 users per month.

## 1.2 Website

The EYCA website was updated throughout the year.

Information on the Partial Agreement on Youth Mobility through the Youth Card is prominently featured - <https://eyca.org/partial-agreement>.

The new website highlights the good practice of EYCA members via a dedicated section - <https://eyca.org/national-projects> - to which content is constantly added.

## 1.3. PA on Youth Mobility branding

In 2022, EYCA advertised the branding of the Partial Agreement on Youth Mobility during the events it organised and open calls. Over 100 persons were directly exposed to the branding and at least double of that via the open calls for the two events publicly available this year.

EYCA also distributed its promotional materials branded with Partial Agreement on Youth Mobility and plans to print more in the next year.

## EYCA Update

The EYCA internal mailing list offered information to all members about opportunities at European level, news from members and benefits for young cardholders.

The Partial Agreement's seminar calls were promoted accordingly and member organisations were encouraged to attend and present good practices.

## ~~2. Travel, board and lodging associated with:~~

### 2.1 Quality improvement support to existing members

In 2022, while transitioning back to normal, EYCA managed to offer support visits to key member organisations, organise youth trainings both residential and hybrid mode, and organise three Partial Agreement seminars, two in hybrid mode and one fully in person. Key elements of each of the visit are presented below.

#### Visits to Romania

Several support visits were offered to Romania, as throughout 2022 there were governmental changes that opened a window of opportunity to discuss the possible cooperation of EYCA with the newly formed Ministry of Family, Equality of Chances and Youth. Visits were undertaken in March, September and November 2022.

As a follow up, Romania is preparing the legal documentation to join the Partial Agreement on Youth Mobility and strengthen support for the EYC services in Romania.

The Ministry will work closely with EYCA's member organisation in Romania and even consider taking over the EYC services at some point.

#### Visit to Poland

In June 2022, EYCA changed its member organisation in Poland and welcomed a new member, the Foundation for Youth Projects. Throughout this transition, the services for young people did not stop and we ensured continuity.

In November 2022, EYCA office undertook a support visit to meet the new team who runs the EYC and understand better their strategic plan. EYCA offered advice and support to make strategic decisions and advance other cooperation partnerships.

## **Visit to Cyprus**

In November 2022, EYCA office undertook a support visit to Cyprus to meet the new team managing the EYC at the Youth Board of Cyprus. EYCA offered strategic advice on how to best link the EYC services with other opportunities for young people.

EYCA office met staff of its member organisation in Cyprus in other departments and had a chance to better understand the structure of the organisation and the variety of its services.

## **Visit to Andorra**

EYCA Director undertook a visit to Andorra to assist the member organisation, Carnet Jove Andorra, with strategic negotiations with both the banks and the Ministry of Youth.

The visit also offered support to the rest of the staff in planning for 2023 and thinking ahead of various European policy priorities they can connect to.

## **Visit to Spain**

The Spanish member organisation, INJUVE, went through several strategic discussions with the CCAAs (autonomous regions) and EYCA office was there to offer strategic support in the decisions about future developments of the EYC in Spain.

Discussions with Spain about joining the Partial Agreement on Youth Mobility are ongoing.

## **2.2 Identifying and supporting the new member organisations of EYCA**

In 2022, EYCA focused on strengthening its presence in the already existing countries and territories. Members in Italy, Montenegro or Portugal had seen a significant boost in number of users, outreach to young people and new partnerships. While discussions on membership change or stronger cooperation took place in some countries, globally there were no significant changes in that respect.

For 2023, EYCA plans to expand in the Baltic countries and other territories like Armenia, Republic of Moldova and Kosovo.

## **2.3 Legal support dimension of quality improvement development**

### **2.3.1 Domain registration and protection**

To ensure the reciprocity of European Youth Card discounts and benefits in all European countries, the registration and protection of online domains is crucial. To make sure youth information is easily accessible to young people, EYCA has registered **europeanyouthcard.xy** and **eyca.xy** domains, so that they can be used by member organisations.

### **2.3.2 Effective license and sub-license agreements**

According to the EYCA Statutes, there can only be one licence holder for the European Youth Card per territory, i.e. one organisation developing the card for the given country/territory. However, to expand the distribution network and to make the card available to all young people, there are also sub-licence agreements in some cases. EYCA provides the legal services connected to both licence and sub-licence agreements.

## **II. LIVING TOGETHER IN DIVERSE SOCIETIES: YOUTH POLICY AND YOUTH WORK PROMOTING INTERCULTURAL DIALOGUE**

### **1. Commissioning technology infrastructure:**

- to support good practice database development
- to support EYCA's members' group structure

#### **1.1 EYCA discount database & intranet**

The new **EYCA discount database** was introduced in 2018 together with the website. The database allows members to use APIs to add their discounts to the EYCA database automatically. This translates into quality discount information for young people at all times. Throughout 2022, the discounts were updated in the new database and organised in a user - friendly way, which makes it more accessible for the young people. **Currently there are over 33.000 valid discounts available to all cardholders across Europe.**

The existing **EYCA intranet** continued to be expanded into a comprehensive EYCA Customer Relationship Management system (CRM), in order to streamline the collaboration between EYCA and its member organisations.

EYCA also advanced the negotiation of new pan-European discounts as requested by young people. Most of them spent the lockdown consuming on-line services of education, entertainment, culture and shopping online. Thus, the EYCA members adapted their business model, in an effort to increase the pool of cardholders and to have a better access to them providing health related information.

***EYCA continued cooperation with Market AAD aiming to offer young people across Europe new benefits.***

#### **1.2 EYCA App**

The EYCA app project is currently being used by 9 EYCA member organisations. The project features two development options: the use of a general European Youth Card app or receiving support from EYCA to develop a local card app.

In addition, other 14 EYCA member organisations use local card apps, thus highly increasing the digitalisation of EYC in Europe.

Compared to last year, more card organisations have begun to offer digital solutions to their cardholders. ***Out of 55 card organisations, 36 offer a digital European Youth Card*** (mobile app or otherwise) to young people in their territories.

### **2. EYCA's members' group structure, including specific Conference workshops**

EYCA regional meetings were organised in person and hybrid mode this year, as travel restrictions relaxed. This was an opportunity for EYCA members to meet two times in groups this year and exchange good practices on how they are providing youth work services during the pandemic.

Therefore, in preparation for the EYCA General Assembly and the Conference, the meetings took place as follows:

Group 1:	13-14 June	Porto (Portugal)
Group 2:	3-4 June	Prague (Czech Republic)
Group 3:	9 June	online
Group 4:	30 May/1 June	London (UK)
Group 5:	7-8 June	Rome (Italy)

Partial Agreement evolution and new possibilities of implementation were discussed in the meetings.

Also, the Partial Agreement programme 2023 was discussed.

### **3. Commissioning the generation and dissemination of knowledge relating to volunteering and youth citizenship**

During 2022, EYCA was implementing the results of the surveys carried out in 2021 among both members and non-members of the Partial Agreement on Youth Mobility. EYCA hired the services of Ms. Florence Murlon to:

- facilitate a seminar «Democracy Done Right», Italy, 16-18 November 2022, and
- produce a report for a «50/50» training on «Implementation of the Committee of Ministers' Recommendation on Youth Work», Malta, 25-26 April 2022.

## **III. SOCIAL INCLUSION OF YOUNG PEOPLE**

### **1. Travel, board and lodging associated with knowledge exchange meetings and events related to promoting and developing social inclusion aspects of youth card organisations**

In 2022 EYCA was able to organise its flagship event dedicated to EYCA member organisations, the **Maximising Impact seminar**. This year, it took place on 29-30 March 2022 in Brussels, Belgium aiming to *build capacity of youth card organisations, in a post-pandemic social and economic context*. A detailed programme is presented below.

<b>DAY 3 – 31<sup>st</sup> of March</b>	
Departure of participants	

EYCA supported member organisations to undertake exchange visits, especially when restrictions relaxed.

Among exchange visits that were undertaken by EYCA member organisations, we mention:

- Young Scot from Scotland, UK visiting Carnet Jove Andorra and Agencia Catalana de la Juventut, Spain;
- Carnet Jove Madrid, Spain visiting Region Lazio, Italy;
- MOVIOVEM, Portugal visiting Young Scot, UK

In addition, other mobility experiences were mainly dedicated to young people:

- Local mobilities across Europe as part of the Conference on the Future of Europe and European Year of Youth;
- Attending the General Assembly of the Association of European Regions in Dublin, Ireland;
- Attending the University on Youth and Development of the North-South Centre of the Council of Europe (Mollina, Spain).

## 2. Work Programme 2022 of the Partial Agreement on Youth Mobility through the Youth Card

In 2022, EYCA co-organised three Partial Agreement activities, two of them in person and one in a hybrid format. As much as possible, EYCA continues to give priority to *in-person* events, especially as online time starts to take a toll on young people and professionals' mental health. These were:

1. «50-50» training seminar «Synergies to implement the Youth Work Recommendation CM/Rec(2017)4: Can the European Youth Card be used as a policy tool?», 25-26 April 2022, Santa Venera, Malta
2. Thematic seminar on «Democracy Done Right: young people as key actors in pluralistic democracies and the role of the European Youth Card», 16-18 November 2022
3. Promotional Partial Agreement on Youth Mobility seminar to familiarise possible new member states with its functioning and work, and answer their questions.

### **1. “50-50” training seminar “Synergies to implement the Youth Work Recommendation CM/Rec (2017)4: Can the European Youth Card be used as the policy tool?” 25-26 April 2022, Santa Venera, Malta**

The «50/50» training seminar on “*Synergies to implement the Youth Work Recommendation CM/Rec (2017)4: Can the European Youth Card be used as the policy tool?*” was organised as part of the 2022 work programme of the Partial Agreement on Youth Mobility through the Youth Card. It was particularly dedicated to policy makers, civil servants and youth card organisations from member States of the Partial Agreement.

It **aimed at**, first, strengthening the relationship between Governments and European Youth Card organisations, in view of better policy implementation. The focus of that policy implementation, and that was the second aim, was the development of youth work- policies and -services, meeting the standards of the Council of Europe in this field. Using as a starting point the Council of Europe Recommendation CM/REC (2017)4 on Youth Work addressed to its member governments but also other resources<sup>1</sup> available, the **training seminar’s objectives were**:

- Strengthen the capacity of policy makers and youth card organisations to work together in implementing Council of Europe standards in the field of youth work;
- Offer a unique space for members of the PA on Youth Mobility to build stronger partnerships with their country’s counterparts from the European Youth Card organisation (where relevant), and vice-versa;
- Identify possible synergies between different policy processes and understand better what role the European Youth Card play in addressing challenges of youth work.

### **Profile of the participants**

This “50/50” training seminar was open to governmental representatives from member States of the Partial Agreement on Youth Mobility together with their counterparts from the European Youth Card organisations (where relevant) in their respective countries.

## 2. Thematic seminar «Democracy Done Right: young people as key actors in pluralistic democracies and the role of the European Youth Card», 16-18 November 2022, Santa Severa, Italy

The seminar “*Democracy done right: young people as key actors in pluralistic democracies and the role of the European Youth Card*” was organised within the 2022 programme of activities of the Partial Agreement on Youth Mobility through the Youth Card and was aimed at supporting the recognition of various forms of participation in community and democratic societies as well as to explore the different ways in which the European Youth Card could be a tool for engagement of all young people.

### The objectives of the seminar were the following:

- 1) offering a space for debate and reflection on how pluralistic democracies could be revitalised and on the role of youth organisations;
- 2) identifying how tools such as the European Youth Card (EYC) could be used to educate and engage young citizens in important civic debates and empower them as key actors in their communities;
- 3) making policy recommendations to strengthen youth participation in emerging areas such as internet governance, while implementing the principles of the Council of Europe policy frameworks (ex. The Revised European Charter on the Participation of Young People in Local and Regional Life).

### Profile of the participants

This seminar brought together (representatives of):

- Governments of the member states of the Partial Agreement on Youth Mobility through the Youth Card (8);
- EYCA member organisations, partners and networks (8);
- European youth organisations and civil society organisations (9);
- International organisations (3);
- Young activists or non-organised young people (3);
- Researchers in youth participation and other subjects relevant to the seminar (2).

### 3. Promotional Partial Agreement on Youth Mobility Seminar, 1 December, Brussels, Belgium and on-line

The event was both hosted at the Council of Europe premises in Brussels, Belgium, where the Bulgarian delegation and the EYCA office were present in person, and had the majority of the participants online.

The **objectives of the seminar** were to:

- Promote the European Youth Card as a tool for policy development and implementation, at local, national and European levels, especially towards Government representatives;
- Share good practices on how the European Youth Card is developed by EYCA members;
- Encourage Governments who have not signed the Partial Agreement on Youth Mobility to do so and address ‘youth mobility’ as a priority in their public policies;
- Present results of survey among members and non-members of Partial Agreement on Youth Mobility through the European Youth Card.

All presentations can be accessed are [available here](#).

## IV. POLICY APPROACHES AND INSTRUMENTS BENEFITING YOUNG PEOPLE AND CHILDREN

### 1. Commissioning technology infrastructure

The EYCA common card number database (CCDB) allows for card numbers to be verified instantly online. This allows cardholders to use online discounts and services such as mobile applications. The development of the CCDB continued in 2022. New member organisations added their card numbers to the database, with **over 7 million card numbers verifiable via the CCDB currently**.

In 2022, EYCA continued to support members to add customised features to the EYCA free app, making the experience more user-friendly for young people, by offering tech grants as part of the MI programme

### 2. Special edition of the European Youth Card

In 2022, EYCA continued using the EYC special editions app especially to promote active participation and mobility of young people. In addition to using the EYC special edition to promote processes like Conference on the Future of Europe, the digital card was used to promote the European Year of Youth at the *LevelUp!* Event, open to young people from all Council of Europe member states.
