### CALL FOR ACTIVITIES

Deadline for proposals: [18 May 2025](#)  
Annual theme: [Empowering youth for digital safety](#)  
[Form for proposals](#)

#### The University on Youth and Development

The University on Youth and Development (UYD) is the most long-standing youth University of the North-South Centre of the Council of Europe.

Since 2000, the UYD represents an international hub that gathers, for one week, hundreds of young people, youth workers, experts from the field and institutional representatives, providing them all with a space to meet, debate, build their capacities and cooperate on youth policy issues having as a reference the standards of the Council of Europe and other international organisations.

The activities taking place within the UYD allow for the sharing of knowledge and good practices, the planning of future actions to empower young people and the designing of common messages advocating for a youth perspective that is transversal to common priorities.

Youth organisations and any other youth-related institution can apply to join the UYD and organise an activity within the framework of the event. **The organisations selected to run their activity within a specific edition of the UYD will join the partnership and collaborate with many other organisations for the success of the event and for the growth of the youth sector.**

The UYD is promoted within the framework of the Network on Youth and Global Citizenship, a partnership facilitated by the North-South Centre of the Council of Europe that gathers youth-led organisations, international youth platforms and governmental institutions from Europe, the Southern Mediterranean and beyond. The Network was set up in 2011 as an informal platform of dialogue and multilateral cooperation at interregional level in the youth field.

- Please consult [this webpage](#) to know more about the approach of the Summer Universities.

#### The annual theme of the Youth Summer Universities in 2025

Every year the Network on Youth and Global Citizenship agrees on **a theme representing the thread that connects all the activities taking place in the framework of the Universities that same year.** The plenary sessions and all the other common moments of the University (the "Joint Programme") explore the annual theme, connecting all partners' activities and engaging all the participants involved in theme.

The annual theme for 2025 is *Empowering youth for digital safety*

### The structure of UYD 2025

The UYD is a residential one-week long event. While each partner organisation runs their own activity (training, workshop, seminars, etc.), all participants have the opportunity to get together during the “Joint Programme”.

The “Joint Programme” consists of a series of special plenary sessions where everyone involved in the University gathers to explore the annual theme, share personal experiences and good practices, interact with experts and decision makers and plan joint advocacy actions. **The Joint Programme is ultimately designed to encourage networking and intercultural dialogue while addressing the challenges young people face.**

The “Joint Programme” is developed by the Joint Team: a multifaceted group composed by experienced trainers, youth animators, musicians, graphic artists, and media professionals in charge of building up community spirit throughout the event and of ensuring a fruitful learning experience for everyone.

The educational model implemented in the UYD is largely inspired by the North-South Centre's [Global Education Guidelines](#).

### The timetable of UYD 2025

The UYD 2025 will take place from **Sunday 14** (arrival day) to **Sunday 21 September** (departure day) 2025. However, **staff from partners organisations is expected to arrive on Friday 12 September to ensure enough time for the joint preparation of the event** as well as to enable each organisation to prepare its own activity before the arrival of their participants.

A provisional calendar is available on the next page.

#### Joint programme

Plenary moments gatherings all the people involved in the event (organisers, trainers, participants, volunteers). It consists of series of initiatives of different nature: from informal and playful evening activities to more formal debates to explore the annual theme with representatives from governments and experts from the field. The Joint Programme also includes musical sessions and moments of interaction with the local community. The Joint Programme is coordinated by the North-South Centre and implemented by the Joint Team through collaborative and creative non-formal education methods.

### Practical arrangements

The 24<sup>th</sup> UYD will take place at the [Centro Eurolatinoamericano de Juventud \(CEULAJ\)](#) located in Mollina, a town 60 km North of Malaga (Spain). The nearest international airport is Málaga (AGP), 74 km away from CEULAJ, and the nearest railway station is Antequera-Santa Ana, 12 km from CEULAJ.

All those participating at the event will be accommodated in either a single or in shared rooms.

A fully equipped training room and a working/meeting space will be provided to each organisation. Leisure and sport facilities (swimming pool, indoor sport centre, etc..) are also available.

### Financial provisions

**Board and lodging:** Each organisation is responsible for covering the expenses of travel, local transport, board, and lodging of its own group (staff and participants) in CEULAJ.

By organising their activity within the framework of the UYD, each organisation benefits from the discounted rate applied to the North-South Centre of the Council of Europe by the CEULAJ of **around 40 euro per person/night (tbc), which includes board, lodging and the use of all training and leisure facilities.**

The responsible entities for issuing invoices for board and lodging are CEULAJ and the catering company. They can only issue invoices to organisations, not private entities nor individuals.

**Transfer services:** The North South Centre will identify a company that provides transfer services for the arrivals and departures participants and staff from all organisations, between the **CEULAJ** and Málaga airport or **Antequera-Santa Ana railway station** (NOT Málaga railway station). This service has an estimated cost of 40€/person (both ways, tbc), to be charged to the partner and to be settled up to 30 days after the invoice is issued, after the activity.

### Submission of proposals for activities

Organisations wishing to take part in the UYD, integrating their activities in the programme of the event should fill in this [Activity Proposal Form](#).

- Organisations can apply with one activity
- Each activity must have the same length of the University: 6 days (from the 15 to 20 September 2025), having the 14 and the 21 September as travel days.

In exceptional cases and based on availability, it would be possible to accommodate shorter activities, as long as they align with the starting day of the University.

The activities shall:

- be organised by youth-led/youth-serving organisations or other entities having young people as a main target group;
- be related to the theme "empowering youth for digital safety"
- seek gender balance and strive for the inclusion of young people in vulnerable situations in the composition of the group of participants;
