

SOCIAL MEDIA INFO PACK

World Forum for Democracy Youth Delegation
Dear Youth Delegate,

We are excited to welcome you to Strasbourg from 30 October to 5 November! You'll meet fellow young people, prepare together as a delegation, take part in the World Forum for Democracy, and continue the conversation at the Youth Day "Think globally, act locally"!

As members of the youth delegation, you will take part in the World Forum for Democracy and bring young people's perspectives to discussions about the future of democracy in Europe. Together with experts and participants from across Europe and beyond, you'll explore the democratic challenges shaping our societies, from meaningful youth participation and trust in institutions to disinformation, digital technologies and inclusion. These discussions will also connect with the New Democratic Pact for Europe.

We believe in the power of community, so we invite you to be part of ours and help us spread the word on social media.

We encourage you to:

Share information about the event on your channels: post, share stories and reels, vlog, do a livestream, tweet, create short videos or anything else you choose.

Tell us what you think about the themes, discussions, speakers, activities, workshops or even food and music!

And most importantly: let us know why young people's perspectives and participation are essential to building the present and future of democracy in Europe and in the world!

Share your experience, inspire others, and add your voice to the conversation! And while at it, don't forget to tag us on the following channels:

And use the hashtag of the event: **#CoE_WFD**

If you are:

thinking of documenting your experience,

interested in creating content about the event,

or would be open to us filming a short video interview with you for our social media,

please reach out to us at ict.youth@coe.int or approach Dylan in person (you will have to find him!)

Whether you are a content creator, photographer, videographer, or simply passionate about sharing your experience, we would love to hear from you!

Feel free to contact us also directly via any of our social media channels and we'll make sure to get back to you as soon as we can.

Thank you for joining our efforts to raise awareness of this essential work. We look forward to seeing you in Strasbourg and hearing your perspectives at the World Forum for Democracy and beyond! Together, let's showcase the energy, creativity, and democratic engagement of young people!
