A. Terms of reference / Table of fees

The Council of Europe is currently implementing the project "Strengthening multi-level governance, democracy and human rights at local level in Ukraine" within the Council of Europe Action Plan for Ukraine "Resilience, Recovery and Reconstruction" for 2023-2026. The project aims to strengthen the dialogue, partnership and consultation between different levels of government; enhance collaborative governance and citizen participation in line with the principles of local democracy and open government; and promote and guarantee the right to equality and non-discrimination at local level, for the recovery and reconstruction of Ukraine.

One of the Project components is to enhance collaborative governance and citizen engagement in line with the principles of local democracy and open government. The development of open government in Ukraine across different levels of governance – national, regional and local – promotes and allows for a more holistic and integrated agenda, favours the intersections with public ethics and prevention of corruption, and strengthens the implementation of the 17 Sustainable Development Goals (SDGs) of the United Nations 2030 Agenda, thus establishing a national strategic framework. Ukraine is a member of the international initiative Open Government Partnership (OGP) and finalised the implementation of the fifth National Action Plan for the Implementation of Open Government Partnership Initiative.
