14h00 – 18h00

Room 1 (Languages: English, French, Russian, Spanish – Live webcast)

Workshop 1: Capacity building on cybercrime: good practices, success stories, lessons learnt and upcoming programmes

Capacity building has become the privileged international approach to address the challenges of cybercrime and electronic evidence. This is reflected, among other things, in the establishment of the Cybercrime Programme Office of the Council of Europe (C-PROC) in Romania (April 2014), the outcome of the UN Congress on Crime Prevention and Criminal Justice (Qatar, April 2015) or the Global Cyber Space Conference (The Hague, Netherlands, April 2015). The aim of this workshop is to demonstrate how policies agreed upon by the international community are translated into action.

Moderators: Geronimo Sy (Assistant Secretary of Justice, Philippines)
Cécile Barayre (Economic Affairs Officer in charge of the E-Commerce and Law Reform Programme, UNCTAD, Geneva)

Rapporteur: Bojana Paunovic (Judge, Court of Appeal, Serbia)

Secretariat: Victoria Catliff (Cybercrime Programme Office of the Council of Europe, C-PROC)

► Brain storming: What capacities are to be built? (14h00 – 15h00)

Survey 2 (APP): What needs should a capacity building project on cybercrime and electronic evidence address? (List in order of priority)

► Panel 1: Capacity building as an international policy (15h00-15h45)

 - Bojana Paunovic (Judge, Court of Appeal, Serbia)
 - Discussion: Lessons learnt

- ▶ Conclusions

Workshop 2: Evidence in the cloud: criminal justice access to data

The aim of this workshop is to help identify solutions to challenges faced by criminal justice authorities to obtaining electronic evidence in the context of:

- *Scale and scope of cybercrime and electronic evidence*
- *Political challenges (including reports on mass surveillance)*
- *Legal challenges (including cloud computing and questions related to location, territoriality and jurisdiction)*
- *Technical challenges (Peer-to-peer/VPN, encryption, anonymisers, IPv4 to IPv6 transition and Carrier-grade NATs)*
- *Challenges related to the mutual legal assistance process.*

The workshop is to inform the "Cloud Evidence Group" established by the Cybercrime Convention Committee (T-CY) in December 2014.

Moderators: Erik Planken (Chair of the Cybercrime Convention Committee, Ministry of Justice, Netherlands)
