

# No Hate Speech Movement

## Council of Europe

It is a campaign run by the Council of Europe's youth sector between 2012 and 2014. It aims to combat racism and discrimination, as expressed online as hate speech, by mobilizing young people and youth organisations to recognise and act against such human rights violations.

### "Hate fighters" program-KOM 018

Project used peer education, art (comics, dance, photography) to educate against hate speech. Club for Youth Empowerment

### "Youth against racism"-SCI Italy

Aimed to raise awareness about the increasing amount of right-wing movements within several European countries.

### "Freedom of expression"-ELSA

Aimed to create an international platform where ELSA network would discuss different aspects of freedom of expression.

# No Hate Speech Movement

## Council of Europe

The European Youth Foundation supports activities, studies, research, materials and documentation in line with the Council of Europe values and work.

**“DiscriminACT & media”- ECK**  
Project aimed at showing the important role of media in daily life and the discrimination and violence present in it.

**“Virtual feels real” - Libero**  
Project aimed to create sustainable support for youth, victims of discrimination in virtual community, by learning values.

**No Hate Speech Regional Bus-UMS**  
7-day regional bus tour, raising awareness of the consequences that hate speech on the Internet has on real lives of people.
