## TESTIMONIALS

“More than eligibility and technical aspects of grants and applications, I appreciated the **opportunity to meet you in person** so you aren't just the names on the other side of the screen.

Also, it was most useful to hear on what your approach to **cooperation with youth organizations** and expectations from projects is based.

It is very rare that funders care about the process and learning of organizations. It is something we **highly value in my organization**, and I feel lucky we are working with EYF.”

[“Supporting young people in getting closer to their objectives and their vision of a better future.”]
