Increase in number of applications: 1 April deadline

MORE project applications & NEW youth NGOs applying

We note an **increase of 30%** in work plan applications & a **45% increase** in international activity applications compared to last year at the same deadline. Out of all the NGOs applying, **30% of them** have never previously applied to the EYF.

We are happy to say that many of the NGOs having applied submitted their projects before the 1 April midnight deadline! **Well done everyone!**

TESTIMONIALS

Following your suggestions, we modified the dates and accordingly - timeline, postponing the potential activity for one more month. Also, we did corrections within the budget (in relation to VTR) and modified the income section accordingly...”
